

BEST WOMEN'S INTERESTS COVERAGE award to The Sun, by Mayor George Christopher of San Francisco on behalf of the California Newspaper Publishers Association, was received last Saturday by Eleanor Silverman, associate editor of The Sun. The presentation was made at the CNPA awards breakfast at the Sheraton-Palace Hotel, San Francisco.

GENERAL EXCELLENCE award for The Sun was presented by Mayor Christopher to Herman Silverman, Sun editor and publisher. This also occurred at the awards breakfast, during the 69th annual convention of the California Newspaper Publishers Association. The Sun was the only newspaper in Contra Costa County, daily or weekly, to receive any awards. —United Press photos

Acalanes District to Start CD Drills at Miramonte

The first actual practice alert drill under the Acalanes School District Civil Defense program will be held week after next at Miramonte High School, Coordinator Art Dambacher told The Sun today.

Letters will be mailed to parents next week giving the day for the drill and instructions.

Administrators of Miramonte, Las Lomas and Acalanes High School will inform the district this week how many parents want their student-offspring to become part of the evacuation program outlined by the County Civil Defense and Disaster authorities.

DAMBACHER SAID that parents who do not return questionnaires sent out a few weeks ago, or say they are not interested, will be assumed to have made sufficient evacuation plans of their own for their families.

He said, "Faculty meetings have been held in all three schools to get ready for the drills." "Because Miramonte is the smallest school, and has now only the freshman and sophomore levels, the preparation there has been the quickest."

HE CONTINUED, "The practice alert will be confined to the school grounds."

"The children on a signal by loudspeaker or perhaps by a bell will be dismissed from their classes in the rooms, and those participating will go directly to the bus loading ramp, where pick-up cars will be sent."

"Those not participating, for the purposes of the drill, will go to the gymnasium. In a real alert, they will be released to go home."

"The boys and girls will either stand at the loading zone until directed to return to classes, or perhaps will load into the cars first, and then immediately unload and return to classes," he said.

THERE ARE ABOUT 390 students at Miramonte. Details are up to Principal James Lewis.

"This is to enable the parents, students and teachers to see how the procedure works out. Changes can be made where needed," Dambacher continued.

"The advantage for drivers who volunteer for the drills is that they will have passage to the school in the event of a real alert, where other cars would be presumably subject to traffic authority."

"The high schools are fortunate in being right on the main evacuation routes indicated by the county. This will make things easier."

A FACTOR at Miramonte is that student cars are about nonexistent since the boys and girls are in the younger age bracket.

At Las Lomas and Acalanes, the cars of faculty and students will be important, since they will be available on the grounds. Less outside transportation may be needed.

Dambacher said that the drills will be held in the other two schools probably in the spring.

The signal for a real alert is siren blasts, and also recently installed bell and light systems. Other signals will be used for the drills, however.

EVACUATION MAPS have been prepared for teachers and will be available to drivers at the schools when needed.

Dambacher added that the

The supervisor expressed hope that funds for the Orinda by-pass, to skirt the present Orinda Village site, would be allocated in the next budget.

ROAD MAINTENANCE was discussed by Nielsen. As to procedure which he suggested be followed by Orindans in reporting faulty road conditions, Nielsen said:

"Such conditions should be reported to my office, which will be opened in about two weeks."

"This will enable me to pass the information on to the maintenance crew in my district, so that they may schedule the repair of broken pavement, chuckholes and other hazards."

HE REPORTED that contour planning in the county has been turned down by the Board of Supervisors on the basis of the "excessive costs" to developers.

Nielsen expressed willingness to work with Orindans toward fulfillment of their "known wants and needs."

He reported that the Board of Supervisors and the County Planning Commission expect to meet together "at least bi-monthly," to

The Sun Receives 'General Excellence' Award

Once again The Sun was honored last Saturday by the California Newspaper Publishers Association when the paper received two high awards.

At the awards breakfast at the Sheraton-Palace Hotel in San Francisco during the 69th annual convention of the CNPA, The Orinda Sun received awards for:

1. Second place for General Excellence, for weeklies throughout the state.

2. Second place for Best Women's Interests Coverage, for weeklies throughout the state.

The awards were presented by Mayor George Christopher of San

Francisco.

OF THE FOUR Sun newspapers, The Orinda Sun was entered in the contests in the under-3000-circulation category. Proportionately, The Orinda Sun has a higher circulation—in relation to the population of the local community—than any other weekly newspaper in Northern California.

The General Excellence award was received by Herman Silverman, editor and publisher of The Sun.

The award for Best Women's Interests Coverage was received by Eleanor Silverman, associate editor of The Sun.

GENERAL EXCELLENCE is the highest honor in the annual awards by the CNPA.

Judged were such details in The Orinda Sun as news coverage, sports page, women's page, editorial policy, use of pictures, makeup, typography, advertising layout and press work.

BEST WOMEN'S Interests Coverage includes consideration of sections of special interest to women, such as society and club news.

Use and arrangement of society and club pictures, as well as articles, were among the details in The Orinda Sun which re-

sulted in this award.

THE ORINDA SUN was the only newspaper in Contra Costa County, daily or weekly, which received any awards at the convention.

Since 1951 The Sun has won either a state or national prize each year.

Two of these have been for Outstanding Disinterested Community Service. Two others have been for community relations and promotion. Last year The Sun won first place in community relations for weeklies throughout the state, and second place for

weeklies and dailies in the nation.

SILVERMAN this week paid tribute to the 28 full-time staff members and the 35 part-time correspondents and associates of The Sun.

"These awards," he said, "were made possible only by the hard work and high ability of each person connected with The Sun."

"We were genuinely surprised by the General Excellence award. "The Sun staff thanks its readers and advertisers for their support, which made it possible for The Sun to win the awards."

Commute Use of Track Hit by State

Sacto-Northern Picture Recalls Long Controversy

Current efforts toward possible use of Sacramento Northern Railroad tracks for commuter transportation on an interim basis, pending the time the county San Francisco Bay Area Rapid Transit system comes into being, has a long background.

It's a background, some might say, dating back to pre-1941 days. For 1941 was the year when commuter service on the line was dropped; since then the Sacramento Northern has been used only for freight.

Now that abandonment of the approximately 15 miles between 40th and Shafter, Oakland, and West Lafayette station seems imminent—it's supposed to happen next month, to be followed by scrapping of the actual trackage—speculation again is prevalent over whether or not the line can be of service to commuters.

ENGINEERS FOR the San Francisco Bay Area Rapid Transit Commission said a couple of years ago that use of the Sacramento Northern tracks for rapid transit rail commuter service was not feasible.

That sort of put the kibosh on the hopes and efforts of many commuters and other groups to salvage the line and to revive the once popular commuter service.

However, the latest efforts of the Alameda-Contra Costa Transit District may shed a new light on the situation, and raise the question: "Can the line be used for commuter purposes, on an interim basis, until the 9-county transit system develops?"

CONTROVERSY over the general problem of whether Sacramento Northern tracks can again be used for commuter service has

Opposition Hits Rapid Transit Group's Plans

City managers of five San Mateo county communities went on record this week in opposition to the nine county Rapid Transit system.

At a meeting held in San Mateo, the managers listed 15 reasons why they were opposed to the rapid transit plan as presented by proponents.

The Berkeley chamber of commerce joined in the opposition by stating it was against any overhead type structure and urged consideration of a subway if rapid transit were found to be necessary in Berkeley.

After these statements of policy were reported to the Bay Area Rapid Transit Commission, the commission urged members to go into the counties and overcome the opposition in a public relations campaign.

Marvin Lewis, San Francisco commission member said that mass meetings would be held to let the public know what was going on concerning rapid transit.

Piggy Bank Theft Spoils Vacation For Bachelors

A vacation planned by a pair of Orinda bachelors was spoiled last week by a burglar who looted a piggy bank of \$400 set aside for the trip.

Hairdresser Walter Owen, 35, and upholsterer Ralph Baldwin, 29, complained to the sheriff's substation in Walnut Creek Saturday that the thief had also taken \$224 in clothing, liquor and men's jewelry.

The men said that the items and cash were taken from their home at 52 Las Cascadas either Thursday or Friday, but the loss was not discovered until Saturday morning.

The money was removed from a hole in the bottom of the plaster bank.

Burglars Steal \$236 in Artillery

Village Hardware owner Rawlings Simon got a surprise when he came to work Monday morning. He discovered the back door open. Further checking showed that some \$236 in guns and ammunition was missing.

Walnut Creek sheriff's deputies are looking for "at least two" agile burglars, who apparently entered the store by breaking a pane out of a side window so high above the ground that one of them must have stood on another's shoulders to get inside.

The culprits made off with two high-powered 30-30 rifles and a .410 shotgun, plus two hunting knives and 11 boxes of ammunition.

Other merchandise in the store, which is located at 61 Orinda Highway, was disarranged. A trail of muddy footprints was left in the building.

Series of Dance Classes to Begin

Doris and George Clifford, well known dance team from Orinda, will begin another dance class series Monday evening in the Santa Maria Church Hall.

Classes will be held each Monday evening for six weeks. The series of six lessons will cost \$15 per couple.

Many who started lessons before Christmas will continue with the class, which includes rumba, tango, samba, mambo, waltz and swing for beginners, intermediates and advanced dancers.

Further information may be obtained from Mrs. William Thurlow at CL 4-5166.

Termed Not in Public Interest by W. B. Booker

Use of the Sacramento-Northern tracks for commuter purposes would call for "drastic changes" in the planning of the State Division of Highways in Alameda and Contra Costa Counties, according to J. A. Spence, assistant District IV engineer.

Spence told The Sun yesterday that most of the planning of the Mountain Boulevard Freeway in Oakland and the Shepherd Canyon Freeway in Contra Costa had been completed on the assumption that the Sacramento Northern tracks would be uprooted and the right of way dedicated to the State Division of Highways.

W. B. BOOKER assistant State Highway Engineer, in a letter to the Alameda-Contra Costa Transit District, stated that the use of the Sacramento-Northern "would not be in the interest of the public."

Meanwhile, directors of the Alameda-Contra Costa Transit District met with officials of the Western Pacific to determine whether or not the Western Pacific would be willing to rent its tracks from west Lafayette to Pittsburg for commuter service and sell its tracks and right of way from 40th and Shafter to west Lafayette.

The Western Pacific representatives were "cooperative enough," but indicated they wanted no part of a commuter service on their tracks from west Lafayette to Pittsburg, said Bob Barber, a director of the two county transit district.

RETENTION OF the Sacramento-Northern tracks and right of way was urged in a unanimous resolution by the Board of Directors of the Contra Costa Commuters Association at the Tuesday night meeting of the group at Acalanes High School.

The board pointed out that a study should be made to determine if the tracks from Oakland to Lafayette could be used for commuter purposes.

In the resolution the commuters association pointed out that everything possible should be done to keep the Sacramento-Northern tracks for the time being, "until it is possible to ascertain whether it is possible to use them."

The resolution was presented to the Alameda-Contra Costa Transit District last night at a meeting of the directors of the two county district at the Alameda County Court House.

J. H. ARNOLD addressed the board of the commuters association stating that he was chairman of a committee of the Alameda-Contra Costa Transit District which is studying the feasibility of commuter uses of the Sacramento-Northern track.

"The committee thus far has found that it would be feasible to use the track for commuter purposes," he said.

Opposition to the Transit District plan was formed by the Contra Costa Transit Council. This group seeks the exclusion of Contra Costa from the Alameda-Contra Costa Transit District.

Harry L. Morrison Jr., acting chairman of the Contra Costa Transit Council said: "the committee had discussed the proposal of the Alameda-Contra Costa Transit District for the use of the Sacramento-Northern lines to provide commuter service for the residents of the central county area and had been informed by the Public Works Director of Contra Costa County that that department had no information on the use of this line by Sacramento-Northern for any such service."

"THE LINE which has only single track, would be most difficult to use for any form of rapid transit," said Morrison.

The electrified line is to be abandoned March 1, according to Claire McCleod, chairman of the two county district.

Asked by The Sun if such use of the Sacramento-Northern for commuter purposes seemed feasible in the eyes of the board, McCleod said:

"IT WAS MY thinking and I believe the thinking of the Board, when we started the study that it was better to grab on to the Sacramento system and study if commuter transportation would be possible."

"It would be better to know before the system is torn up and abandoned whether or not it would be useful for commuters or if its use for commuters would help the present situation."

Vic Sauer, director of public works for Contra Costa County, told The Sun:

"Although we will still need more and more roads, every aspect should be looked into concerning commuter traffic on our overcrowded roads. Just what will happen to the Sacramento Northern tracks and right of way, we do not know but, a complete study should be made of whether or not it could be used for commuters."

MCCLEOD POINTED out that none of the board members were qualified to decide whether or not the system could be used for commuter purposes but that a study should be undertaken by experts.

Robert E. Nisbet, Deputy City Attorney of Oakland, told The Sun that the Western-Pacific is under a \$100,000 bond to the City of Oakland to remove its tracks from streets within the city limits.

The starting date for removal of the tracks is March 1 and the completion date is six months after March 1.

Laird Estate Worth \$77,335

The estate of Ernest Conn Laird, of the Oakland stationery store owner who was drowned last September 10 while fishing on Shasta Lake, Shasta County, has been appraised at \$77,335.

Laird lived at 106 Rheem Boulevard, Orinda.

The appraisal was disclosed in a report filed with Walter T. Paasch, Contra Costa County clerk.

Mrs. Massie Feted With Baby Shower

A delightful luncheon and baby shower was given recently by Mrs. Robert H. Peterson, of 78 Estates Drive, Orinda, honoring Mrs. Standish Massie.

The table was appropriately decorated with pink camellias and pink and blue crepe paper booties.

Guests from Orinda were the Mesdames Sidney Smith, Steven Shutt, Lars Jacobsen, John Harrison, F. Z. Kasi, Ned de Laveaga and Robeson Smith.

From Lafayette were the Mesdames John Janney, Ramsay Underwood and Donald Savage.

Sun to Be Out Next Thursday

Because Washington's Birthday next Friday is a legal holiday, the next week's issue of The Sun will come out on Thursday instead of Friday.

That means that correspondents and publicity chairmen should turn in news items as early as possible.

The Sun Shopping News will come out on Wednesday as usual. Advertising deadlines for The Sun and The Sun Shopping News will remain as usual.

Post Offices, government offices, schools, banks and most businesses will be closed on Washington's Birthday.

ANOTHER CONCERT in the special series of musical programs at St. Stephen's Episcopal Church, Orinda, will be given Sunday night at the church. Discussing plans for the event with the Rev. Albert Lucas (right), rector of St. Stephen's, are, left to right, Mrs. Lucas, Edgar Jones, well-known baritone, and Carol Brooke, soprano. The two singers will be among the performers Sunday night. Mr. Lucas is now rector (instead of vicar, as formerly) of St. Stephen's, since St. Stephen's was recently granted parish status. —Sun photo by Mattson

Students Draw Sketches For Murals at Fairyland

The advanced art class at Miramonte High School in Orinda, the 12 students of which are all sophomore girls, is in the middle of a four-week project which will benefit Children's Fairyland in Oakland's Lakeside Park.

The girls are engaged in preparations of cartoons from which colored glass relief murals will be made for the new Cinderella birthday party area, the gift of the Lake Merritt Breakfast Club, sponsors of Children's Fairyland.

The designs and art work for the preliminary sketches are under the direction of Tio Giambuni, arts and crafts instructor at Miramonte High School, who received his A. B. and master's degree in fine arts at the University of California.

THROUGH Giambuni, members of the class will submit to William Penn Mott Jr., superintendent of Oakland parks and an Orinda resident, original designs for eight, 4 by 10 foot murals which will line the new birthday party area with youthful interpretations of the story of Cinderella.

The new birthday party site will include a 7-foot pumpkin table with a coach and four, seating 12, with room for 24 additional child guests at smaller tables in front of the murals.

A glass slipper slide has been designed by the Oakland Park Department to complete festivities for the youngsters.

MIRAMONTE students working on the Cinderella project are Marjory Brunk, Joan Fowkes, Barbara Goss, Tammie Hartanov, Janice Merrill, Bonnie Miner, Nancy Mott, Linda Schelling, Pam Schmidt, Sue Schrader, Susan Steward and Pat Wilke.

Through the generosity of members of the Lake Merritt Breakfast Club, the Cinderella birthday party area will be completed for the reopening of Fairyland on March 13, to take care of the demand for children's parties, as the Sugar Plum Tree area can no longer accommodate the boys and girls who want to celebrate their birthdays at the world-famous feature of the Oakland park system, according to Superintendent Mott.

Hungarian Refugees Find Shelter in Local Homes

Six families from Pleasant Hill and Walnut Creek are now caring for eleven Hungarian refugees, attempting to help the new arrivals "get back on their feet."

According to two of the sponsors, Otis Martin of 1962 Elenora Drive, Pleasant Hill and Willard Haunschild of 2871 Creston Road, Walnut Creek, most of the refugees escaped via the Austrian-Hungarian border in late November and early December.

"THE THINGS these people need most are full or part time jobs, and in some cases bicycles for transportation to the job when local jobs materialize. Two of the group who have advertised for general yard work have been unable to meet some of the job opportunities because of the lack of transportation," Haunschild said.

The refugee group was forwarded to Contra Costa by the Lutheran World Refugee Service after processing in Austria and classification at Camp Kilmer, New Jersey. Thirty-one parishioners of the Pleasant Hill Faith Lutheran Church, Reverend William Backus, pastor, had volunteered earlier through Lutheran World Refugee Service to sponsor refugees.

The refugees include Bal Boros, an architect who has been employed by Hargraves Engineering Co. of Concord; his brother, Laslos Boros, an unemployed mason; Joseph Csernus, a polio victim and general worker; Pal Sziboda, a test bore driller in coal and oil fields; Joseph Muesi, electrician; Ferenc Czirkelbach, machinist; Jonas Irtan and Joseph Irtan, brothers now employed by a local house moving concern; Zoltan Balogh, engineering student at the University of Budapest; Attila Jaszenszki, former chauffeur and tire shop worker; and Marten Sinai, owner-foreman of a laundry in Budapest.

ACTIVELY ENGAGED in anti-Soviet activities, Laslos Boros, Pal Boros, who were in the Hungarian army, and Zoltan Balogh seized Hungarian army weapons and joined university students storming the Budapest radio station to voice their grievances and appeal to the nation and the outside world for help.

Eventually the insurgents occupied the station, placing machine guns and guards on the roof of the building while for seven days the Budapest radio beamed its news and appeals to the free world.

Eventually Soviet tanks overcame the station occupiers. The Boros brothers and Balogh returned to their homes in the city faced

with the prospect that little else could be done in view of strong Russian tank fire and concentrations in Budapest.

As is the case with most of the other refugees, false identification cards were procured and the three made their way to the Hungarian border. All of the refugees are agreed that demonstrations and mass protests by university students were the precipitating factor in the sudden revolt against Soviet domination.

ACCORDING TO Otis Martin, one of the American sponsors from Pleasant Hill, "the amazement of these refugees at our way of life was etched on their faces as we drove them from the S.F. Airport, where we met them, through San Francisco, across the Bay Bridge and up through Oakland to our homes in Contra Costa."

"They still find it hard to believe that our everyday standard of living is as high as it is and that our individual liberties in this country are as complete as they are."

They tell me that a pound of coffee in Hungary is worth twenty-five dollars on the black market. One of the group saved two years to buy a cheap table radio.

"AS THEY DESCRIBE it, Hungary was an occupied country in all senses of the word," Martin explained. "Whole villages were forced to purchase useless Russian commodities. Cold water, no stoves, no refrigerators and a meager existence are apparently common fare."

Sponsor Willard Haunschild of Walnut Creek, "that the attempt to reach this country was really a stab in the dark for these people. They know nothing about us. If they were to believe the descriptions of us given to them by their superiors, the U.S. was even more intolerant than Hungary. They only hoped that we couldn't be as bad as the Russians had made us out to be."

"Contrary to what some may believe, we feel after talking to those of the group who are living with us and getting to know them, that it probably took more stamina to not only have faced up to the Russians at the outset of the revolt, but to have made the decision to leave and fought the bitterly cold trip on bike and foot several hundred miles to the Austrian border."

"IT MIGHT HAVE been easier during the whole fracas to have just stayed locked up at home until the whole thing boiled over and just drift with events," Haunschild said.

John Courtney, Principal, Dies

Funeral services for John Courtney, 46, principal of Strandwood Elementary School, were held Wednesday at the First Presbyterian Church of Concord with the Rev. Ernest I. Bradley officiating.

The Pleasant Hill school principal, who had been suffering from a heart ailment for the past year, died Monday in a Walnut Creek hospital.

A native of Minnesota, he came to the Mt. Diablo Unified School District in 1951. He resided with his family at 2730 Eastgate Avenue.

Mr. Courtney first served as a teacher at the Concord Elementary School and later was appointed vice principal of Oak Park Williams and Gregory Gardens Elementary Schools. He was named principal of Strandwood when it was first opened approximately two years ago.

He was a graduate of Hamline University, St. Paul, Minn., and received his master's degree at the University of Southern California. During World War II he served in the rank of captain with the Army Engineers and Air Force.

Survivors include his wife, Mrs. Frances Courtney, a teacher at Concord Elementary School; a daughter, Susan, his mother, Mrs. Selma Courtney of St. Paul; two brothers, Arthur of Portland, Ore., and Francis of St. Paul; and four sisters, Mrs. Jewell Daily of San Francisco, Mrs. Marie Hansen of River Falls, Wis.

Teen Book Club Draws Dividend

The 7-12 and 7-11 classes of Pleasant Hill Intermediate School recently concluded their first semester activities as a Teen Age Book Club. The highlight of the semester came when club members selected 30 free dividend books, earned from over 200 books purchased during the first semester.

Donald Spagel, teacher-sponsor of the club, described the Teen Age Book Club as an unique plan that enables students to buy, each month, at low cost, a wide range of good books, especially selected for their appeal to teen-agers.

"I find that, as members of the TAB Club, my students are now reading and enjoying more good books than ever before," Spagel explained.

Cathy Gaines is the secretary of the club, and in charge of the operation of ordering books selected by members, keeping records and directing other club activities. There are 42 members in the club.

Double Baby Shower Held for Local Pair

Mrs. R. P. Wayne gave a surprise double baby shower recently for Mrs. Russell Uisinger and Mrs. Charles Kirsten.

Guests were the Mesdames Fred Fox, J. L. McClure, Fred Twining, Douglas Watkins, D. W. Anderson and John Ogden.

Gifts were carried in and presented in a lovely green and white baby basket. On the table decorated in forest green and pink a delightful dessert was served.

Tight Smog Laws Urged by Board

The Bay Area needs fairly tight controls of large scale open burning as a primary weapon against smog, the directors of the 6-county smog fighting agency heard February 6.

Benjamin Linsky, the District's Air Pollution Control Officer, made the opening presentation before a packed house at a public hearing in San Francisco to discuss regulation of open burning.

The objective of the district, Linsky pointed out, is "to reduce the presently recognized excessive effects of air pollution" and that "the pollutants emitted from open burning... cause visibility interference, annoyance to senses and damage to vegetation."

"The nuisance caused by large open fires can theoretically be lessened," he said, "by limiting such burning to certain days when the winds are brisk; but in present conditions, that is not practical."

Dump fires and other large scale open burning is a nuisance in the immediate neighborhood in the best of weather, and "they cannot be turned off like water faucets when the winds change."

In addition temperature inversions which play a prominent role in the smog picture, may persist for 19 days or more at a time in the late fall or early winter.

The hearing began quietly enough with the report presented by Linsky — which held there should be no total ban on ordinary backyard rubbish burning until...

Some other disposal method replaces public dump burning.

2. Some effective control action has been applied to larger industrial sources of pollution.

Linsky asked, however, that open rubbish burning be banned between sunset and sunrise in the

6 counties actively in the Air Pollution Control District: Alameda, Contra Costa, Marin, San Francisco, San Mateo and Santa Clara.

He indicated there was no intention to outlaw backyard barbecues, campfires or fires to prevent agricultural diseases or fire control.

The Control Officer said that the problem of deciding how extensive the ban against open burning should be at this time is one "requiring broad judgement, primarily as regards timing," and can be handled on an individual case basis or the establishment of an effective-date regulation.

Pledge of all-out support for the District's proposal to control large scale open burning came from city, county and other officials in various parts of the bay.

Among these were: Dr. Ellis Sox, San Francisco City Health Director; A. S. Ward, an inspector for the Civil Aeronautics Administration; Dr. Henrik Blum, Contra Costa County Health Officer; Maurice W. Williams, San Leandro Planning Commission and Dr. Thomas Perdue, Assistant Health Officer, Alameda County.

Eugene Howell, San Mateo County Public Health engineer, who pointed out that his county has been working on the problem of air pollution for the past seven years, and that all other Bay Area counties had had the same opportunity for action, strongly urged the District to set a specific date, even 6 months or 1 year in the future, to outlaw open burning.

"If you don't set a definite date at which the burning must end," Howell said, "we'll still be talking about it 7 years from now."

Proposed Theatre to Bring Best to Area

A sparkling new jewel in America's entertainment and cultural treasure chest will be the ultra-modern Pavilion Theatre at Walnut Creek, an excitingly different and new theatre designed for musical comedies, Shakespearean drama and symphony concerts.

The first legitimate theatre to be built in the San Francisco Bay Area for decades, it will be of a unique geodesic aluminum construction covered with canvas, containing 1800 captain's-chair seats in 14 deceler rows around a 34-foot circle stage.

Plans for the Pavilion Theatre were announced today by its originator, David H. Huenergardt, a native of San Francisco with many years of professional New York theatre experience who will act as producer for the theatre.

THE BASIC CONSTRUCTION of the theatre designed by Wilson-Hoeller of San Francisco, for the first time in a tent structure eliminates any supports interfering with the audience's view.

The geodesic principle, developed by Buckminster Fuller, provides a graceful 45-foot high dome resting solely on its outer rim.

The interior of the theatre, designed throughout by Huenergardt, is so planned as to permit not only in-the-round staging but also three-quarter arena seating with either a symphony concert area or a Shakespearean staging such as employed at the Stratford Theatre in Canada.

It will be located on a 10-acre site on Ygnacio Road, a half-mile east of the center of Walnut Creek, nestled into a natural bowl overlooking beautiful wooded valleys and rolling hills. Eight of these acres will be devoted to parking area.

ALTHOUGH DESIGNED to be more versatile, the Pavilion Theatre follows the principles of successful summer tent theatres in the East, of which there are 21. The first season, to be this summer, Huenergardt said, will be a presentation of professional Equity musical comedies with top Broadway and Hollywood stars and seasoned troupes.

Among the productions from which the first shows will be selected are: "South Pacific," "Annie Get Your Gun," "Call Me Madame," "Kismet," "Guys and Dolls," "Kiss Me Kate," "Stu-

dent Prince," "Gentlemen Prefer Blondes," "D a m n Yankees," "Pajama Game," "Can-Can," "Bloomer Girl," "Lute Song" and "Show Boat."

Lured to the Bay Area for the site of this distinctive enterprise by the thriving interest in the theatre already here, the large permanent population and the numerous visitors, and the ideal weather conditions, Huenergardt stated that he believes the Pavilion Theatre will rapidly become one of the West's outstanding entertainment and tourist attractions.

"IT WILL BE in the California tradition of outdoor living," he said, "with the sides of canvas drawn up the audience will find it is enjoying the finest in American theatre entertainment in an atmosphere of natural beauty and charm."

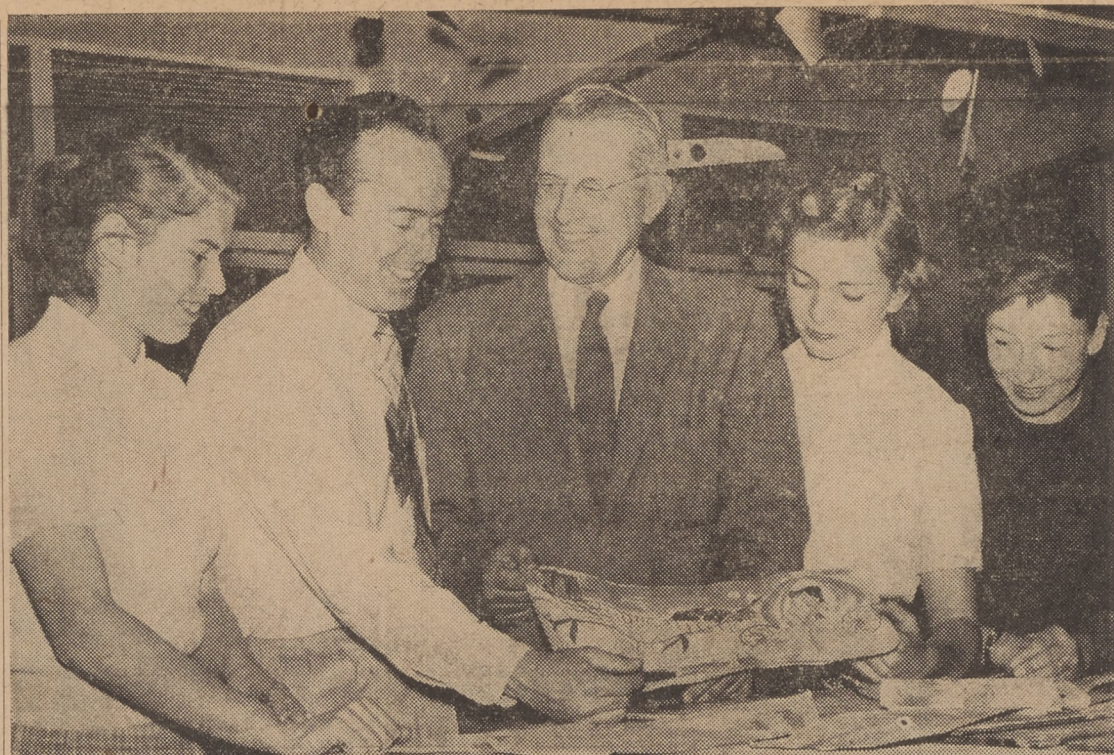

All the problems of adequate parking, lack of noise nuisances such as railroads, highways or factories, and easy accessibility are eliminated in this site."

Describing the theatre in greater detail, Huenergardt revealed that it will have the first sub-basement hydraulic stage in any theatre-in-the-round anywhere. Dressing rooms and lounges will be on a lower level, and performers will reach the stage not only from the aisles as in most such theatres but from a circular ramp directly under the stage.

When three-quarter seating is used, either for drama production or a concert, the same entrance approaches can be used by shifting the position of the movable ramp.

ONE ARC OF THE theatre, that directly above the dressing rooms, will have a sweeping balcony from which during intermissions, before or after performances the audience can enjoy the delightful evening air and the charming rural view.

The development staff for Pavilion Theatre, Huenergardt announced, includes Wilson-Hoeller, West Coast designers and color consultants, B. L. Nishikian, consulting engineer, Joseph Martin, prominent San Francisco attorney and chairman of that city's Public Utilities Commission, and the public relations firm of Charles von Loewenfeldt & J. T. True, Inc.

ADVANCED ART STUDENTS at Miramonte High School who are designing preliminary sketches for eight murals depicting scenes from the story of Cinderella at the new Cinderella birthday party area at Children's Fairyland are visited by Oakland's Superintendent of Parks, William Penn Mott Jr., of 62 Ardilla Road, Orinda. Woods Boat Co. Becomes New Fageol Marina

Claude Fageol, an Orinda resident who will soon move to Lafayette, has purchased and taken over the operation of the Woods Boat Supply Company, of 3381 Mt. Diablo Boulevard, Lafayette.

Purchase was made from F. N. Woods. It includes dealership franchises for Johnson Outboards, DuraCraft Boats and a full line of marine accessories and supplies.

"The business has been renamed 'The Fageol Marina,'"

New boating lines to be added in the near future include Fageol "44" V-I-P, outboard and Vee-drive marine engines made by Fageol Products Company, Kent Ohio.

Fageol Marina will also distribute American Boats, produced by North American Marine Division of Luther Corporation, Warsaw, Indiana. Luther Trailers, made by the latter company, will also be handled by Fageol.

A California resident for many years prior to becoming affiliated with Twin Coach Company in 1927, Fageol is a brother of F. R. Fageol, Twin Coach board chairman, who is regarded as the "father" of the bus industry.

Another brother, the late W. B. Fageol, was executive president of Twin Coach and also widely known in the automotive industry. He is credited with development of the 7-speed compound transmission, standard equipment in modern trucks.

Fageol is also an uncle of L. J. "Lou" Fageol, famous Slo-mo-shun boat racer, and 3-time Gold Cup winner. Lou Fageol is president of Twin Coach Company and Fageol Products Company.

He is the designer of the new Fageol V-I-P engine which is said to have been the sensation of the recent New York boat show.

Toastmasters Host Merritt

The Larinda Toastmasters recently hosted the Merritt chapter. It was the third joint meeting held by the two clubs.

The gathering was called to order by President Bill Thaler, who then turned the meeting over to Toastmaster for the evening, Forrest Bryant.

Most of the first half of the session was then handled by Table-topics chairman Frank Biotti of Merritt. These consisted of one minute impromptu talks by members on controversial and educational subjects.

During the second half of the meeting, prepared speeches of five minutes and longer were given by Roy Rockswold and Frank Kast of Merritt, and Ed McDonald and Dan Priest of Larinda.

Master Evaluator was handled by Ian Begg, while individual speech evaluations were given by Bob Lewis, Dunc Duncan, George Melchionan and Gordon Forrest.

Homemaking Can be Fun, Pine Grove Pupils Learn

"It's fun learning how to do things in the home by experience," This is how students at Pine Grove School feel about their co-educational classes in homemaking.

WHEN THE school opened in January, 1956, the homemaking class went into operation... a program in which all Pine Grove boys and girls could learn to appreciate and contribute to their own homes.

The course in Home Arts is scheduled twice weekly for half of the student body. At mid-year the remaining half of the students take the course.

Home Arts alternates with a course in everyday living of the kind that every pupil has 40 hours in each course during the year. This scheduling makes it possible to maintain classes of approximately 15 students.

HOME MECHANICS deals with home maintenance skills, safety in use of tools, and construction of simple home furnishings.

Home Arts is concerned with the everyday living of the family, the clothes they wear, the food they eat, and the homes in which they live.

From the outset curriculum planning was based on cooperative efforts. With this goal in mind, help was enlisted from the Education department of the University of California and from Orinda's own Educational Advisory Committee.

THE PROGRAM at present is based on California's typical "Seven-Point" homemaking education plan. The foods unit includes fundamental manipulative skills, meal planning, barbecue and party planning, and a few ideas on good nutrition.

Measuring ingredients and putting them together—beating and stirring—proved to be very popular, especially with the boys.

In clothing, emphasis is on selection of ready-made garments, fundamentals of good grooming, care of clothing and basic skills for construction.

A BIG PROBLEM was what to do with the boys while the girls were sewing. However, as one boy later observed, "We didn't have to sew, but all I know about clothes and 'driving' the sewing machine I learned in this class."

There is, in general, enthusiastic acceptance of the choices offered—hand sewing and clothing care, or actual machine construction of a garment.

One seventh grade male enthusiast proved so far as to create an excellent "pop-over" shirt during the semester.

IN THE AREA of child development, techniques of baby-sit-

ting are related to interest and care of younger brothers and sisters.

Management includes student research and committee work on job opportunities for seventh and eighth graders—hints on how to do a good job when working, and, as a 12-year old student said, "How to spend money thoughtfully in an important way."

Sanitation and safety in the kitchen is the theme for the unit in family health. To relate Home Arts to housing, stress is put on the "Your Room" approach... neatness and elementary rules for room arrangement and decoration.

SINCE HOBBIES are important to the pupils, time is spent on how to display them at home.

The importance of personal relationships is part of the entire course, with major emphasis on gaining popularity with one's own friends and family.

Ground Observer Post Receives Skywatch Aid

An audio-detector, recently installed by the Air Force at the Walnut Creek Ground Observer Corps post, will enable observers to detect approaching aircraft sooner, thus hastening their identification and reporting, it was announced this week by William W. Ward Jr., director of the Contra Costa County Office of Civil Defense and Disaster.

This device is especially helpful during times of reduced visibility, he explained. The container on top of the skywatch post is perforated metal covered with fiberglass, housing a dynamic microphone. The noise from the aircraft is "picked up" by the microphone and amplified.

This activates an alarm system in the post as well as sounding on a loudspeaker, which alerts the observer to the presence of an aircraft which he might otherwise not have heard. He follows through with identification, if possible, and reporting.

The Walnut Creek Ground Observer Post is located on the grounds of the National Guard Armory, 1800 Carmel Avenue. Additional volunteers are needed to man the post on a 24 hour basis.

Scouts Put Best Feet Forward with Displays at Scouting Exposition

By MILDRED LOOP

Because of the tremendous growth in this area, the annual Scouting Exposition of the Meridian District, B.S.A., was set up at both Acalanes and Las Lomas High Schools last Saturday.

Booths filled both gymnasium and cafeteria areas in the schools and the work of more than 4000 boys was displayed between 2 and 8:30 p.m.

UNDER THE leadership of Glenn Gleason and Bruce Herbert of the Camping and Activities Committee of the Meridian District, the show opened with flag ceremonies at both schools.

Mayor Edward Couter of Walnut Creek and Duncan Knudsen, chairman of the Meridian District, were speakers at Las Lomas, while Dr. Ralph Hall and John Youmans, scout executives, presided at Acalanes.

Presentations of special citations to scouting units who participated in the "Get Out and Vote" campaign last November were made at this time.

CUB PACKS of the district were well represented at Acalanes, by attractive displays of handicraft made by the youngsters throughout the year.

Each pack had chosen a theme for its booth and had cub in action throughout the 6½ hour show.

Pack 223, sponsored by the Happy Valley Improvement Association, built and painted colorful birdhouses, while Pack 38 held a special exhibit of arrow point electives and had members of the dens building kites.

Pack 38 and Pack 220 are sponsored by Lafayette School Parent-Teachers Association. Pack 220 members were doing woodwork building of magazine racks.

Pack 215 worked on decorative wood plaques and displayed a large group of basketry samples. "Golden Treasures" was the theme for Pack 229. Members built models during the show.

Pack 215 is sponsored by the Fair Oaks School PTA, while 229 has Oak Park PTA for a sponsor.

UNDER the sponsorship of Hillcrest Congregational Church, Pack 222 made mounted copper plaques, and Pack 200 of Lafayette worked on soap-carving, with an unusual large exhibit of collections and craft work. Springhill School PTA sponsors this group.

Cubs of Pack 32 created copper jewelry for its special work display. Orinda Lions Club is the sponsor.

Crowds gathered around the booth set up by Pack 223 of Pleasant Hill, which put on regularly scheduled puppet shows. Christ the King Church is their sponsor.

"AMERICA the Beautiful" was the demonstration theme for Pack 217 of Gregory Gardens. It is sponsored by the Improvement Association of their area.

Puerto Rico and leather work were featured by Cubs of Pack 221, while Pack 58 wove paper place mats for their demonstration of "Cub Crafts." Both of these groups are under the sponsorship of the Diablo Vista Parents Club.

Pleasant Hill Elementary School PTA sponsors three packs. Pack 245 had a large display of rocks and shells collected by the boys, while the cubs of Pack 45 wove plastic belts during their demonstration. A special attraction was a puppet circus put on by Pack 230.

LEATHERCRAFT was on display by members of Pack 238, sponsored by the Glenside Improvement Association, while Pack 52 of the Moraga Del Ray Association chose "Creativity" for the theme of its puppet exhibit.

Pleasant Hill Pack 209 followed "The Bottom of the Sea" throughout their exhibit, Oak Park PTA is their sponsoring group.

Another popular puppet show was staged by Pack 207 of Orinda, under the title, "Cub Puppeteers." Glorietta Improvement Association is the sponsoring unit.

CUBS FROM Pack 225, Moraga Meadows Association, decorated the plaster of paris heads of the Wolf, Bear and Lion.

The "Chuhav" Workshop, featuring the Indian influence on cubing, was the theme of Pack 78 of Happy Valley. They are sponsored by the Improvement Association there.

Under the sponsorship of the Strandwood Parents Club of Pleasant Hill, Pack 202 followed

out its theme of "Eyes in the Sky." Nearby Pack 232 of St. Stephen's Episcopal Church in Orinda featured, "Cubs On Parade."

WITH EACH scout troop choosing a merit badge for demonstration during the exposition there were many detailed and colorful booths.

hill Road Improvement Association sponsors this group.

County Salaries, Retirement to up Costs Half Million

A "drive" will be made for a general increase in excess of four per cent of all salaries paid to county employees, the County Taxpayers Association observed in a newsletter this week.

The letter stated that there will probably be requests to extend county employees' vacations to one month after five years service.

"County employees now receive three weeks vacation from the first year of work which may be accrued up to six weeks," it said.

"Also there may be a push for full pay up to one year for any disability occurring while on county business."

It continued that, "Employee benefits presently granted by the county include an excellent retirement plan, a 50 per cent contribution by the county to an employees' health and welfare plan, 12 days sick leave per year which may be accrued indefinitely, and 11 paid holidays."

"The total expenditure for county salaries and benefits was about \$9 millions last year, so that the projected salary increase, together with the county's necessary increase in contribution to the retirement fund, would be approximately \$500,000," it concluded.

Baseball Clinics Provide 500 Boys With Greater Skill

About 350 boys attended The Sun-Sports and Games baseball clinic held Sunday at Acalanes High School.

They were taught the principles of the game by some of the best-known big leaguers in the western United States.

Since about 150 boys attended the first clinic held on a chilly day at Las Lomas High a few weeks ago, the professionals have helped about 500 area boys in gaining confidence on the diamond.

Mel Alamano, who organized the clinic, said that he is grateful to the men who took time out on a weekend for the clinic.

"You could see that they loved to do it," he added.

The clinic last Sunday started off with a talk by Bill Rigney, manager of the New York Giants. At each position on the field there was a "big-name" pro waiting to drill the boys.

Alamano added that Acalanes Coach Erwin Mattson spared no pains to see that everything ran smoothly at his school. He said that Verl Butler of Las Lomas and other local coaches were there to help out.

In the "grandstands" during the clinic were many parents and dads who are managers of some of the youth teams.

Acalanes Trustees OK Building Plans

Acalanes High School District trustees last Monday gave their approval on the following building plans for the district:

1. Working drawings for Las Lomas High, enlargement of the cafeteria—multi-use room and library, and the construction of a music building and two classrooms.

2. Preliminary plans for the addition at Miramonte High School of student lockers, stage facilities in the gym and bids for additional gym bleachers.

Also approval had been given previously for addition of four classrooms and more locker facilities at Acalanes High School.

Trustees discussed the district calendar for next year with approval subject to a meeting of Acalanes District area trustees from Canyon, Moraga, Lafayette, Orinda and Walnut Creek on February 28.

Resignations from Mrs. Marjorie Rouse, Las Lomas language instructor and Mrs. Jola Jones, Acalanes English teacher, were also presented.

Superintendent Neil M. Parsons reviewed standards for sabbatical leaves. The board moved for further study of the problem.

In other action trustees awarded a bid for a tractor and mower for school turfs and took steps to consolidate and improve particulars in district insurance coverage to effect a savings.

Suburbia Scribblings

By MARIE MONAHAN

FOUR DAYS AND SEVEN HOURS AGO, our sons brought forth upon this threshold a host of children all dedicated to the ideals of the pursuit of freedom, laughter, and muddy footprints across the living room floor;

It's LINCOLN'S BIRTHDAY, a school holiday, and here we sit surrounded by stacks of notes and swarming children. One playing the Hokey Pokey on the piano, another Beginning the Beguine on the clarinet, and a group of young listeners to "Cinderella" on the record player.

NOT A SINGLE ONE OF THEM sitting quietly by the fireside doing their lessons in charcoal!

The Money Tree, the Money Tree

HEARTS DIVIDED . . . The big weekend attraction was the TANAGERS simultaneous early evening soirees Sat. night, when members and guests assembled at five different Orinda homes between the hours of 4 and 8 and against a background of Valentine Money Trees, helped swell the coffers, cardiac-wise, for the Mt. Diablo Therapy Center.

AT THE ST. JAMES COURT residence of the Jim Seamans in Sleepy Hollow, hostess Fran and her husband Jim being felicitated on their wedding anniversary, to be celebrated the following day . . . The CENTER of attraction and much excitement were Paul and Virginia Stafford, due to depart for a TRIP AROUND THE WORLD.

(The popular pair flew to Honolulu last Tuesday w/Tokyo, Hong Kong, India and Rome on their 6 wks. itinerary, and Virginia planning a reunion in Paris w/a former school chum who works for the Embassy there.)

But Baby, it's Cold outside

Also at the party was Bea Comerford, with her husband Arthur, SHE sharing hostess duties w/Ethel Tyrell and Betty Talbot at the latter's home last week at a luncheon for the departed traveller. The Richard Lelands, Bill Scatenas, Colin Browns there too, as were the Arthur Lundblads, who recently emerged as champs of the Children's Hospital Bridge Tourney . . . The Robert Pridemores, Mildred in a Valentine-red chiffon . . . Dwight and Donna Skaggs doing host and hostess duties, as were Stella and Bob Boyle, the Don Krotzes.

ALSO IN SLEEPY HOLLOW, the Frank Walker residence, the setting for another TANAGER party . . . the pool lights beckoning some to don wraps and sit outside on the patio . . . In festive evening clothes, the Ton Von Eggers and Mildred and Ed Berger bound for the Bal Masque at the Leamington Hotel . . . The hostess Georgette and her husband telling of plans for a March holiday in Hawaii, to fly over, cruise back.

IN THE CROWD . . . The Vern Huddlesons, Howard Gardiners, Charles and Emerald Smith. Among fairly recent newcomers, the Robert Moores, Howell Burns . . . The Carl Shutenhells, Stan Bells, Coleman Huntleys making dinner plans. Host-hostess duos here, the Hal Caldwell, George Eberharts, Cecil Cantrils, Hal Hartsoughs, Carl Rasmussens.

Another lucky traveler in our midst

Another exciting European junket sparked the conversation at the John Den Dulk's Sleepy Hollow home w/news that Haroldine Marvin, due to commute to Corpus Christi w/her husband Jim soon, will take off on April 9 for Europe, flying first to Portugal, arriving in Rome on Good Friday. The Marvins later joined a group that included the Wayne Littlejohns, Beau Guinthers and Paul Moores, going on to the Charles Curriers' where Lonnie hosted a joint birthday dinner for both her husband and her friend Billie Keating.

NO SPECIAL SECRET FORMULA for fun was needed here in Den Dulk's warm bricked family room and living room filled to capacity w/a good representation of the host's nuclear physicist friends from the bay area.

WHO WAS THERE . . . the George Halls, the Frank Coffeys entertaining later at dinner, the Charles Gibbs . . . The junior Les Hinks and the Harold Hafners stopped by before attending the Red & White Ball at the Claremont.

MUSIC IN THE AIR . . . Up on Overhill Drive at the Alex Morris menage, songs of yesteryear and popular ones, too, wafting out the windows . . . No Blue Notes here with Bill Thurlow at the piano and the Emmett Hazletts, Harry and Lee Norris, the Charles Ericksons, Vern Axelsons, Richard Meyers a few of those lending their best soprano and/or basso to the vocalizations.

PARTY PATTEN . . . Fran Connolly's Chinese mandarin dress drawing compliments . . . Zach Montgomery aiding his hostess wife Jeanne at the Money Trees . . . The Wes Smiths, Andy Catherals among the arrivals who were shuttled up the long driveway by the Morris' son Frederick and Lynn Hill whose parents, the Earl Hills, were also in the party throng.

A 'Welcome Back' for some

Jean Bettencourt chose an appropriate red frock to share greeting duties w/her architect husband Bob for still another gathering at their Overhill Dr. abode . . . Here, the Frank Juchters, w/Lafayette guests the Stanley Ezneckiers and Dr. and Mrs. Kendall Caldwell, the trio going on to SF for dinner at the SHADOWS atop Telegraph Hill . . . Bob and Ticky Farrell and their guests, the Jim Roberts, Hal Engmans, Cal Schaeffers winding up the evening at Tunnel Inn for dinner and the treat of card tricks by owner Jay Bedsworth.

IT WAS POTLUCK STYLE afterwards for another group going on to the Bill Hennings, where the special guests were former Orindans, the Fred Switzers, currently visiting here from Cleveland, Ohio . . . Among old friends here were the John Bannisters, Wes Omos, Maury DuVals, Jack Cunninghams, Fred Tarps, Tom Deahls, and Walt Haelees.

The Bettencourts had only to cross the street to the home of Tobe and Merle Tobas, where they joined the George Kozaks, Rocky Smiths, Harold Staffs and Carl Moores for victuals and an evening of bridge. End of party notes.

BACK IN TOWN are Forest and Helen Hill and their children, at home again on Valencia Drive . . . They left DC the day before the Inauguration and arrived home in time for the Big Snow!

Another pair of former Orindans, Hal and "Al" Swanson, now residents of Short Hill, N.J., were widely feted by friends during their stay w/Vivian Spaitch in Sleepy Hollow. The Kriete Baldwins and the Homer Jewetts both entertained for the couple w/dinner parties, and Lee Texdahl hosted a luncheon for the diffast side as well as joining the group for a no-host luncheon at Trader Vic's along with Joan Kendall, Marguerite Schuler, Gail Hanford, Jane Baker and Louise Baldwin, all close friends of Gail . . . Saturday night last Don and Elva Hutchinson entertained for the pair, who are since winning homeward to the East Coast via a Colorado stay. The Swansons' daughter Chrissy is a student at Cal.

A PARTING PARTY NOTE . . . We'd like to quote from the gay card that accompanied two bottles of champagne presented to former president Mel Arighi when, purely for pleasure, both the '56 and '57 Orinda Association Boards attended a dinner party at the Richie Wards.

TO WIT: "Let us dedicate this day — to people who are somewhat fey — to bundles of nerves and strange complexes — to all of those with wrong reflexes — whom drugs won't help or anti-biotics . . . Let us celebrate being Neurotics!"

NOW, how about some charcoal, children!!

Around Acalanes...

By JERRY MORIARTY

TONIGHT'S THE NIGHT

Tonight the annual Student Body Mixer Dance, "Guys and Dolls," will take place at 8:30. All four classes have participated in the planning and decorating of this occasion.

In hopes by all those that have worked so hard on the dance that it will be well attended. In addition to dancing there will be a "Guy and Doll" elected as the favorite of the school.

This election will take place at the dance when your ticket is taken at the door. You may cast your vote for one of those nominated:

Freshmen, David Jonas and Sharon DeLoney; sophomore, Jeanie Sindahl and Bert Tyler; junior, Karen Jeffries and Mike Traynor; senior, Ernie Petrucci and Itzy Silva.

The Acalanes Library Club has received its charter as a member of the Student Library Association of Northern California. This organization was first established two years ago and has grown a great deal since that time.

The Acalanes Club plans to elect new officers in the very near future, and many other activities will be planned to help the club grow.

It is also planning in the not too distant future to attend a conference at Stanford.

SENIOR PLAY

The seniors are falling into full swing for rehearsals for the senior play, "I Remember Mama."

Night rehearsals and even rehearsals on holidays are taking up most of the cast's time.

Everyone in the cast is very enthusiastic about it, though, and promises a terrific show.

The close of basketball season is rapidly approaching, but there are still a few games left.

Don't let you be the only one who hasn't seen a game yet this year! Get out and support the team!

The senior class presented the annual Senior Assembly recently, following the theme of "Tiptoe Through the Tulips." A great number of seniors participated in the activity, and all did a great job.

Vivian Gogins, Pat Nimmo, Cheryl Etzler, G. A. Le Sheehan, Patsy Stevens, Diane Sexton, Jill Pinkus, Sheela Fox, Abby Roberts, Joan Kesselring and Marilee Lee all portrayed gay little tulips by singing and dancing to the theme song.

Landscaper to Speak at Coop Art Group Meet

Landscape designer L. E. Sprattling, owner of an Alamo nursery, will speak at the Wednesday meeting of the Cooperative Art Association, which will commence at 10 a.m. at the home of Mrs. Frank Hovey, 3955 Franke Lane, Lafayette.

Mrs. A. R. Holland will report on the seven after-school art classes, sponsored by the association, which are now accepting registrations for the spring semester.

Director of classes Mrs. Ralfe Miller may be called for class information.

New members are invited to Wednesday's meeting and may call Mrs. Kenneth Bone or Mrs. Frank Fadenberger for reservations.

Some of the boys in the senior class also got into the act by singing in a quartet with the added attraction of Lynne Henrietta. They put on a great act.

Besides singing some old favorites, they also sang the recently popular Green Door. Bob Stueben and Bret Merner both sang along with Ray Capra and Allen Shapiro, who also added the accompaniment.

Further dancing was done by the senior girls in the dance group, who did their interpretation of flies and fly paper. Those who appeared to be somewhat stuck in the clinging substance were:

Dolores Roessen, Marilyn Engelhard, Julie Dees, Judy Parker, Alison Plant, Judy Patterson, Betty Clark, Drury Spurlock and Pat Whitehead.

Ernie Petrucci and Paul Ambrose presented a terrific finale. Both are drummers. Ernie, a member of the senior class, and Paul, a resident of Oakland, with constant approval of the student body presented their rendition of a drum battle.

Elkind Talks To HS Students

Charles Elkind, member of the public relations staff of the Stanford Research Institute, Menlo Park, Calif., last week briefed a class of 32 Acalanes High School journalism students on the opportunities open in public relations and the specific functions of the Stanford Research Institute.

Describing public relations work as one of the "best fields of journalism open to students with a penchant for writing," Mr. Elkind encouraged members of the class with definite interests in a writing or promotional career to seek "a broad educational background in high school and college."

Elkind detailed the work of the Stanford Research Institute, explaining: "SRI is an independent research agency serving all facets of society and business. The institute serves clients as diversified as school districts and automobile manufacturers, clinically studying and reporting on everything from the school population surveys to the analysis of smog content generated by an automobile carburetor."

Acalanes journalism students to whom Elkind spoke edit the school paper, the Blueprint, and the Acalanes semi-annual campus magazine The Don, and study the writing, propaganda analysis and vocational applications of journalism.

Following the meeting and program, refreshments will be served in the cafeteria.

Working under the chairman for the evening, Mrs. E. M. Matson, will be Mesdames G. W. Myers, H. K. Adams, R. L. Begley, L. B. Callisti, A. Roberts, A. C. Scheu, W. M. Towers and J. H. Colvin.

Soroptimists to Hear Acalanes Foreign Students

Foreign exchange students at Acalanes High School will give their impressions of life in America at the February 26 meeting of Soroptimists International of Lafayette-Orinda.

This is a return engagement of exchange students. In December the local students who recently studied in Europe under this program gave their impressions of life as it is lived on the Continent.

Of the students slated to speak, Maria Zorbanou from Greece is making her home with the Burwell Spurlock family in Lafayette. Elin Rasmussen from Denmark is living with the Carl Kalbfleisch family in Orinda and Fritz Bors of Germany is at home with the Fred Lincoln family of Lafayette.

The public is invited to attend the luncheon meeting at El Nido. Soroptimist President Esther Marchant will be chairman of the day.

Sleepy Hollow Pool Association Begins 3rd Year

Marking the end of two years of growth, the Sleepy Hollow recreational Association held its second annual membership meeting at the Orinda School auditorium recently.

Business transacted by the organization, which maintains a 55-acre recreation area and swimming pool in Sleepy Hollow, included election of directors, review of the financial condition of the corporation, a report of accomplishments, and proposals for future projects and improvements.

ELECTED TO the Board of Directors at the meeting were Robert Dozier, Godfrey Gregg, Rudy Grah, R. Harold Hartsough and Berton Kohler.

These five will join Frank Gillespie, Cecil Cantrell, Gladys Hamburg, Mildred Lowther, Sterling Smith, Stanley Soren and Ernest Starkman in responsibility for the organization during 1957.

From this group, Hartsough was elected president. Soren, vice-president, Cantrell secretary and Dozier treasurer.

NOW WORTH well over \$110,000, and with 328 families on its membership rolls, the corporation started with \$1200, representing the advance which the 12 founding members contributed to obtain an option of the land.

The membership rolls will be closed at 350 families, each of whom will own a proportionate share of the development.

Constructed during 1956 were the pool, canteen and change house, fencing, pool deck and some of the landscaping and grass.

SCHEDULED to be completed in 1957 are: connection of the already installed pool heater, enclosing of the canteen with glass wind breaks, improvement of paths, landscaping, planting, and provision of shade area.

In addition, the picnic area will be improved and bleachers installed along the pool deck.

Opening date for the summer swim season is scheduled for May 11, with annual dues set at \$10 per person.

Acalanes Students Will Survey Varied Job Fields

Acalanes High School students will have an opportunity to survey at least two vocational fields in which they feel they may have an interest. Focal point of the survey will be special vocational panels on occupations from medicine to airline hostesses.

The panels, arranged by Harold Oxsen of the school's counseling department, feature persons from the community successfully employed in the occupation under discussion and sometimes include college personnel directly interested in professional training requirements.

The vocations chosen for panel discussions are based on a survey conducted earlier this year by the school to determine, at least at this stage of their development, which two vocations each student is considering for potential employment.

Counselor Oxsen reports that persons successfully employed in the occupation being reviewed by the vocational panels generally revere the educational qualifications, personal requirements, particular traits of the job, the opportunities for employment and the salaries to be expected.

According to the school counselors, each pupil investigates two

vocational areas a year, or eight potential occupations by the time they have completed their senior year at Acalanes.

In addition to the investigative work done by students in vocational panel discussions, vocational opportunities are also part of the regular school curriculum for freshmen social studies and senior problems courses.

THE Acalanes counseling department provides individual assistance for students, while both the counseling office and the school library maintain an extensive file on vocations.

Counselors help students make their selections and assist in selecting schools of higher learning especially adapted to the student's needs.

Vocational preference tests, which scientifically help a student locate the vocational areas in which he has the most interest and aptitude, are also given.

Principal Stanley Walgren says: "Selecting the right vocation or the right program for continuing their education is one of the difficult problems that face high school students. Every facility and effort at Acalanes is directed toward helping make that selection wisely."

Ed Mjolsnes Starts 6-Month Hitch

Graduating from Acalanes in mid-semester, Ed Mjolsnes, son of Mr. and Mrs. Leonard Mjolsnes, 224 Camino Sobrante, Orinda, left recently for six months' active military duty at Fort Ord, Monterey, Calif., with a letter tucked in his pocket verifying his fall enrollment at Midland College in Fremont, Neb. He never missed a beat.

A year ago, when Ed was only 16 years old, he began to wonder how he would fulfill his Army obligation without wasting valuable time in his very active life.

President of Junior Statesmen, president of his 4H Club, he was a member of the American Field Service organization, the school's wrestling team, and had won his letter varsity swimming.

UNDER THE Reserve Forces signed by President Eisenhower in 1955, young men from 17 to 18½

years of age could enlist in the Army reserve, with only six months' active duty required instead of the customary 2 years. Ed Mjolsnes saw his chance to save time.

Extra credits and summer session at Berkeley High School enabled him to prepare for winter graduation, and he joined the 916th Field Artillery Battalion, USAF, as soon as he was 17.

HE WAS ASSIGNED to the motors section in deference to his interest in mechanical engineering, and earned the respect of officers and men for his aptitude and dependability.

Commended and congratulated by Lieut. Col. James Huntsman, commanding officer of the 916th, and Capt. Kenneth Renwick of Headquarters and Headquarters Battery and Contra Costa representative, Ed Mjolsnes has embarked on his well-planned future.

Hacienda Homes Group to Meet

All residents of the Hacienda Homes Improvement Association area are urged to attend the first group meeting of the year, to be held Tuesday, 8 p.m., in the Orinda School auditorium.

The meeting will "afford the opportunity to present particular problems perhaps peculiar only to your immediate neighborhood," according to John Van Dyne, association president.

Other officers of the Hacienda Homes Improvement Association are Vice President David Collamer, Treasurer Clair Harding, and Secretary Marcia Zaccarias.

Trustees of the group are Donald Tunnicliff, James Hupp and Jack Hightower.

Insurance Conclave Hears Local Speaker

Sailor in Orient For U. S. Navy Tour

George E. Malvey, teleman third class aboard the destroyer USS Bausell, the son of Mr. and Mrs. George Ripley of Moraga Highway, Orinda, arrived in the Far East during the last week of January for duty with the U. S. 7th Fleet in Western Pacific waters.

Between sea operations visits will be made to ports in Japan, Republic of Philippines, Okinawa, Formosa and ports in countries of Southeast Asia.

Young Guests Parade Fashions at Party

A "Fashion Tea" January 26 brought out a bevy of smart ensembles as 15 of Valerie Renwick's Orinda classmates joined in celebrating her 11th birthday.

High point of the affair was a fashion show, when each girl paraded before the judges, the outfit she had worn as "something she would like to model."

Winning models were Kay Williams in a metallic-print shirt-maker cotton, Sandy Coates in an arty French outfit with jaunty beret and Julie Newman in slim black tuxedo pants and sheer white blouse.

Prizes, fancy sandwiches, passion fruit punch and four tables of cards completed the authentic fashion atmosphere of the afternoon.

Valerie's chic guests included Sandy Coates, Maureen Collins, Vinie Gilbert, Cynthia Gravelle, Susan Hendrickson, Cherie Jackson, Julie Newman, Roni Rasmussen, Julie Winkworth, Judy Wolff, Kay Williams, Christine Block, Jackie Hunter, Jeanne Patten and Sandy Kersh.

Kit Renwick, 8, and Douglas Renwick, 6, served as valets for the models. Michele, 3, also assisted the hostess.

Orinda Students Visit City Hall Book Exhibition

By MARIAN NEFF

A group of students from Orinda schools recently boarded a bus for Martinez with Mrs. Fredrick, our district librarian; Mrs. Cannon and Mrs. Williams of the Orinda Mothers Club, Mrs. Hoffman, our student librarian from the University of California, and Miss Crawford, the Pine Grove School librarian.

Students attending from Del Rey were Gail Cannon and Sally

Law; from Glorietta, Nancy Casey and Celeste Smith; from Sleepy Hollow, Haren Kahl and Michael Thurlow; and from Orinda, Sandy Buehler and Claudia Powell.

Student library assistants from Pine Grove included Diane Madden, David Dunning, Marian Neff, Clay Pauli, Ronny Parks, Jeanette Miller, Michael Bigler, Donna Walker, Sharon Steward, Sharon Nelson and Gail Kocher.

We went to the Martinez City

Hall to see a book exhibit, and upon arriving we all stepped up our pace a little to get to the tables.

People of all ages would like the books. The books were arranged on tables and we looked through the collection, finding many titles to interest us.

In the end almost all of us took our favorite books and started to read them.

Will Supervisors Act Now Against Gambling?

The need for county legislation to eliminate two forms of gambling in the unincorporated areas of Contra Costa County has been obvious for a number of years. There is no question but that pinball machines and draw poker parlors should be prohibited by law in the unincorporated sections.

Almost all cities in the county have acted on these matters. For example, all but two cities in the county prohibit pinball machines. Others have outlawed draw poker parlors.

City councils are able to dispose of these problems, but the residents and business people can only look to their County Board of Supervisors for similar protection.

Past Grand Juries have emphatically asked the supervisors to act. Sheriff Harry A. Brown has made it very clear that he needs county ordinances in order to cope with the situation.

In past years, pinball and draw poker problems have plagued various areas. Recently the Pleasant Hill Civic Council and the Lafayette Improvement Association have demanded that pinball machines and draw poker parlors be abolished.

In the past, our Boards of Supervisors have unaccountably avoided decisive action.

For example, when the "heat was on" from the Grand Jury several years ago regarding pinballs, the supervisors appointed a committee — which was

never heard of again. And as recently as late last year the supervisors were asked by the sheriff to pass effective legislation — and there was little or no consideration by the supervisors.

Pinballs and draw poker are million-dollar operations. That cannot be over-emphasized. In addition, policing them is an expensive and very difficult job. Cities and counties throughout the state have long ago taken action against them — but Contra Costa County lags behind.

Now we have new men on our Board of Supervisors. The eyes of the county are on our supervisors. The draw poker problem has been submitted to a committee. The pinball problem is still in the hands of the board itself.

We know that the supervisors will give the entire matter careful consideration. Mel Nielsen, the new supervisor from the 2nd District, is on record against pinballs. Shortly before the primary election of last June he stated, "I am in favor of a county ordinance outlawing pinball machines."

We hope that our new Board of Supervisors will take action against pinballs and draw poker, without delay.

Once again, The Sun urges individuals and organizations to let the supervisors know that they are opposed to these evils, and to send carbon copies of these messages to the County Grand Jury at the Hall of Records Building, Martinez.

NO BETTER WORDS TO DESCRIBE "BROTHERHOOD"

BROTHERHOOD WEEK

Don't Quote Me, but...

Really, Now--Which Do You Think Is Weaker Sex?

BY DOROTHY PATTERSON

LATELY I HAVE BEEN OBSERVING here and there that considerable discussion is taking place regarding the age-old question of which, if either, is the weaker sex?

Of course, most men and women are biased in their opinions of this subject, but I find that such discussions are always informative and stimulating, nevertheless.

A famous physician started the subject up again recently when he appeared in San Francisco and told the world in general that "Men (should) Heed the Heart."

He wasn't being romantic

Now, when it comes to affairs of the heart, generally I endeavor to be as tender, understanding and sympathetic as the next gal; but this medic was speaking more of the physiology phase than the romantic.

He maintained that because the male is structurally the weaker of the two sexes, recent surveys show that in trying to prove his superiority, the male of today is undertaking to do too much, is undertaking to eat too much and consequently is ending up too soon at the undertaking parlors!

Thus, the world is faced with the catastrophe of a shortage of men, weak though they may be, and at the rate they are decreasing it doth appear that before long the vote will be unanimous that they were, indeed, the weaker sex!

Here's a true story...

This actually happened: During the entertainment program at a recent service club meeting that was held during the lunch hour, a popular physician in the community, who was program chairman for the day, chose for his subject the removal of a malignantly diseased lung that resulted from an overindulgence in cigarette smoking.

It was a movie of the actual operation, photographed in color, purely medical, flawlessly factual.

There was a prologue leading up to this revealing climax which most of the successful businessmen in attendance were able to survive; but somewhere along the line, some had to leave, others lost consciousness and another became ill.

I do not tell you these things because my opinion is that men are weaker, necessarily — perish the thought! Since we are losing a large portion of this lovely species at such a rapid rate, I chose to offer a little consolation for the above incident by just the kindest of words, "Well, after all, it WAS lunchtime!"

Talk on Gifted Child Planned

School officials, representatives of the Parent-Teacher Association and University Women and Contra Costa County School Boards Association members will hear a presentation on "The Gifted Child" Wednesday at 3 p.m. in Las Lomas High School.

Richard Coniff, superintendent of Alameda County, will illustrate his discussion with charts and concrete examples from his class for gifted children.

Coniff holds a master's degree from Stanford University and has had 17 years of experience as a teacher, principal, supervisor and superintendent.

Mrs. Phyllis Waiwright of Martinez, president of the school boards association, said invitations have been extended to all superintendents and principals of Contra Costa County, student councilors and curriculum coordinators, and presidents of PTA units and county chapters of the American Association of University Women.

Service for both events will commence at 8:30 p.m., and the center's choir will participate.

Lutherans Will Note Mission

The Preaching Teaching Reaching Mission Rally for all the churches of the Contra Costa Circuit, Lutheran Church-Missouri Synod — will be held at Trinity Lutheran Church, Walnut Creek at 3:00 p.m. Sunday.

Letters to The Editor

FIRE ANSWERS

Dear Editor:

I would like to correct several erroneous impressions stated in one of last week's Letters to the Editor, having to do with the new sheriff's substation now being constructed by the Fire District.

The location of the . . . substation in Lafayette culminates a lot of work by a lot of people here . . . extending back over a five year period, to secure additional much needed Police protection for the growing community. Short of forming a police district, hiring policemen and setting up a tax structure to pay for it all, we are doing the next best thing and getting the protection at no extra tax cost.

The first error I would like to correct is that the Fire District has the money to spend for this building. We don't. The cost is to be covered by advance rent from the Sheriff's Department to cover part of the cost, with the balance taken care of by long term financing which will be retired by additional advance rent payments.

Anyone knowing anything at all about rental values for buildings such as this one in its particular location will know that, if the sheriff moves out at the end of five years, we can get much more in the way of rent than we are now getting.

Our hope is to keep the rent attractive enough that we will always have the sheriff's substation here.

The second error has to do with depreciation, cost of repair and maintenance. If the party had taken the trouble to read the contract with the sheriff and drawn up by the Board of Supervisors, he would have seen that all cost of repair and maintenance is to be borne by the sheriff.

Furthermore, in the event that the sheriff moves out, and the building is to be turned back to us in the identical condition it was when turned over to the sheriff . . . brand new.

As to the lack of parking for firemen at the firehouse, I will say that in any form of progress, there are bound to be minor inconveniences. We are making plans to fill and grade land in the rear of the fire station for parking purposes.

In the meantime, for a couple of months, it may be that the firemen will just have to find parking on some side street and walk to work for a block, the same as you and I.

No fireman has uttered one word of complaint to me or to the fire board regarding parking facilities. I am sure they know that we are working on this and that they will be given every consideration.

Meetings of the Lafayette Fire Commission are open to the public, and it seems to me that anyone interested enough in the fire department and its problems to write Letters to the Editor would attend some of these meetings and come to realize some of our problems.

G. E. PARKHILL
Secretary
Lafayette Fire Board

REFUGEES SETTLE

Dear Editor: We wish to thank you for the help you have given us through The Sun.

You announced that our sponsors were having an "open house" on Christmas Day. As a result the Orinda people and many others opened their hearts. Because of this we now have enough furnishings for our own home.

We are buying our home and will be very happy to receive guests at our new address, 16048 Via Paro, San Lorenzo.

In the two months we have lived here in the United States we have had very much help and many friends. Here the life seems like a dream come true. I hope the free and happy life here will soon come to my homeland of Hungary.

Under The Sun

Shall We Commute via Sacramento-Northern?

By HERMAN SILVERMAN

Sun editors glanced at each other with a "T-told-you-so-look" as they worked on last week's big commute story. The new Alameda-Contra Costa Transit District proposed that the Sacramento-Northern Railroad between Concord and Oakland be used for commute and passenger service.

The problem is complex because the line between Lafayette and Oakland will be abandoned next month, after years of negotiations with governmental agencies. There are many other problems, none unsurmountable. You'll find more details in another story in the first section.

As early as 1949, The Sun urged that Sacramento-Northern should resume carrying passengers. In 1952, The Sun conducted an extensive campaign for a study of the possibility and argued that the government should not permit the line to be abandoned. Stories, pictures and editorials have been printed through the years.

And then a new approach

On September 10, 1954, The Sun proposed that Utah Construction Company, the Rheem interests and Dollar Industries should consider the purchase of Sacramento-Northern for commute service through their areas. Two of these firms, who own large tracts of land here, expressed interest in the idea.

The Sun continued to plug until the 9-County Rapid Transit engineers said the route is not feasible for rapid transit. They may be right but it could very well be feasible for rail service as an interim measure.

In any event, this should be studied before the rails are pulled up. And this could happen at any time. I think the directors of the 2-County Transit District should be praised and supported on this proposal.

Food inspection and buildings

A word of praise also is due our County Grand Jury. Last week it urged our supervisors to set up a county-wide inspection of food handling establishments. County Health Officer, Dr. H. L. Blum, has been asking for this for years. The Sun has supported this proposal.

I question whether the supervisors were right in again saying no to the construction of a County Civil Defense headquarters. The Federal government would pay \$75,000; the county would match it. We need such a headquarters.

Meanwhile, the county will spend \$500,000 for a county branch building in Pittsburg. Bids for the 23,000-square-foot building will be let within a month. In this days of fast transportation, is there a need for this building? Pittsburg is just a few minutes by car from Martinez.

The eyes of Contra Costa

While the needle is still available, let me point out that the eyes of the county are watching the Board of Supervisors to see if they will pass the much-needed pinball and draw poker ordinances.

There are new men on the board and the county is changing. The county is doing many, many good things, but, as is usual, county officials are criticized for their errors and rarely praised for their accomplishments. The new board has an opportunity to make a fine record. Let us see.

Guy Spencer to Lead Cancer Crusade--April 1

Guy Spencer of 1932 Buena Vista, Walnut Creek, has accepted chairmanship of the American Cancer Society's 1957 Cancer Crusade in Contra Costa County. Dr. A. R. Reinke, president of the Contra Costa County Branch of the American Cancer Society, made the announcement.

Spencer was retired in 1954 as chief of the Central Fire Department in Contra Costa County, a position he held for thirty-three years. He has served as disaster chairman of the Diablo Valley Red Cross chapter.

He is a charter member and past president of the Walnut Creek Lions Club. He resides in Walnut Creek with his wife. They have one daughter, Mrs. Robert Black.

Spencer will work closely with leaders of the American Cancer Society's Contra Costa County Branch in conducting the campaign, which is the eighth staged by the local group, he said.

"Again, as in previous years, we will combine our fund raising appeal with a strong educational program for the entire county," he said. "We feel that we have an obligation to educate our residents regarding cancer."

The nationwide Cancer Crusade will begin April 1 and continue during the entire month. April has been designated by Act of Congress and presidential proclamation as "Cancer Control Month."

Organization of committees to push the Contra Costa County Crusade to a speedy and successful conclusion will begin at once, Spencer said.

Established in the offices of the American Cancer Society's Contra Costa County branch at 2363 Mt. Diablo Blvd., Walnut Creek, "I invite everyone interested in volunteering services to the Cancer Crusade to give us a call at YELlowstone 4-7640," he added.

School Trustee Hopefuls File

Mrs. Helen D. Brattain of 1 Krueger, 121 Arlene Drive, Walnut Creek, Lafayette, is a candidate for a post on the governing board of Lafayette Elementary School District, a position to be filled in the annual election of county school trustees May 17.

Mrs. Brattain has filed her candidacy with County Superintendent B. O. Wilson. Mrs. Elizabeth W. Freeman, the incumbent, has not filed.

Recent candidates for re-election are four incumbents: Edward C. Thomas, 75 Las Quebradas, Walnut Creek, Alameda Elementary School District; Carl V. Farrell, 638 En Control Road, El Sobrante, Pinole-Hercules Union Elementary School District; DeWitt W. Francisco.

The Contra Costa Cerebral Palsy Society, a United Crusade agency, tomorrow will send 25 youngsters from Shadelands School in Concord to a showing of "Around the World in 80 Days" at the Coronet Theater in San Francisco.

Brotherhood -- in Action

The week in which Washington's birthday anniversary falls has been observed for 23 years as a time for special attention to the task of eliminating the causes of racial and religious hostilities. Next week, again, will be Brotherhood Week.

The National Conference of Christians and Jews, in the sponsorship of Brotherhood Week, is doing a service to the highest patriotism. Prejudice, intolerance and hate are more than a crime against the teaching of Christianity, Judaism and other great religions. They are equally a crime against the democratic goals of America.

Amusement -- A Need?

One of the most magnetic aspects of big city life is the fact that so much entertainment of every kind is so close at hand.

Plays, movies, concerts, variety shows, athletic events . . . these are things demanded by people in any community — our community included. Naturally, as an area grows, its entertainment facilities and activities grow with it.

We've been trying locally to meet the demands for good entertainment our rapidly expanding population is calling for. As our community grows, we should be able to satisfy our tastes in entertainment right here.

But are we succeeding in providing adequate activities? Are the facilities adequate? Here's what your Roving Reporter learned when he posed these questions to local residents:

MRS. KEITH HOOVER, Hough Avenue, Lafayette: "Yes, I think there are plenty of facilities, such as the Park Theater and the Lafayette Playhouse. They're enough. If people spent more time at home with their children they'd be better off."

MRS. JOSEPH L. SPENCER, 26 La Campana, Orinda: "I don't see how we could support more than one movie house. But concerning all aspects of entertainment, I don't think there is enough. Of course, I enjoy traveling a bit for a night out, but if good entertainment were brought here, the people would certainly patronize it."

MRS. JAMES G. PAGE, 526 Florence

Here in Central Contra Costa County, where we are fashioning our future by working together, the cooperation implicit in the concept of Brotherhood Week has special significance.

In all the conflicts arising from efforts to fulfill the American dream, the spirit of brotherhood is called for. Those immediately concerned should place national solidarity above political, religious, racial or regional differences.

Genuine brotherhood could cement the people of America into a spiritual force beyond calculation in its effect on the world.

Drive, Lafayette: "I would like to see a community choir established here. Also, I feel there is a definite need for more big name entertainers to perform here, especially in the field of classical music. After all, this is a suburban area, but it certainly isn't rural. People here would appreciate high class 'live' entertainment."

MRS. C. PHILMORE TOTTON, 461 Moraga Highway, Orinda: "Well, we're pretty busy people, so the entertainment seems adequate to us. But if more musical performers were brought into the area, it would be fine. Music is always acceptable and needed."

MRS. ALFRED HENNING, 25 Via Robles, Walnut Creek: "We go to shows around here but, for any plays or anything like that we go downtown."

MRS. A. P. DANER, 359 Fairview Drive, Pleasant Hill: "Most often we go to the city to see stage plays and the like. We don't think there are enough things to do around here."

MARTIN L. BOHN, 33 Sierra Drive, Walnut Creek: "I always watch the kids play ball down at the park but other than that they are very few events around here that interest me. I never go to shows or plays."

MRS. ADY FOUNTER, 59 Beatrice Drive, Pleasant Hill: "There are very few athletic events that we go to since we have three small children. We do go to the drive-in very often. It is very near and we don't have to get a baby sitter."

Civil Defense Is Discussed At Church Meet

About 150 school administrators, P-TA and Parents' Club representatives and parents attended the Civil Defense workshop held February 6 at the Presbyterian Church, 1720 Oakland Boulevard, Walnut Creek.

This workshop was sponsored by the 32nd District, Congress of Parents and Teachers and developed by the Mt. Diablo Council -TA Civil Defense ComPmittee, cooperating with the Contra Costa County Office of Civil Defense & Disaster.

Mrs. Lawrence Ulrich of Lafayette, Director of Public Welfare of the 32nd District presented Dr. Frank Bradford, principal of the Pleasant Hill Intermediate School and Legislation Chairman for the 43rd District.

Mrs. Ulrich then introduced Mrs. Lawrence Wallace of Clayton, Civil Defense chairman of the Mt. Diablo Council P-TA and also Chairman of the Civil Defense Committee.

The program recognizes that there are three possibilities to plan for: (1) "Take Cover" or "Warning Red" when an attack would come with insufficient warning to permit evacuation or dispersal and children would have to be kept at school; (2) Individual dispersal when children would walk home on the "Alert" Signal or "Warning Yellow"; and (3) Group evacuation when children would be evacuated in a group on the "Alert" Signal.

HIGHWAY ACCIDENTS

A recent survey shows that 80% of the deaths and injuries on highways occurred as a direct result of driver error.

School District Money Problems Are Elaborated

Thirteen of Contra Costa County's elementary school districts have outgrown their assessed valuation and must supplement their own dwindling local financial resources with generous amounts from the state, County Superintendent B. O. Wilson said today. A study of sources of school income for the past two years were his source.

Support from local property taxes in 1955-56 ranged from a high of \$862 per pupil in Briones Valley District, which maintains a one-teacher school, to a low of \$53 in the Vine Hill District, where rapid enrollment increase has not been accompanied by a similar increase in assessed valuation.

CONVERSELY, state income per child ranged from \$125 in assessed valuation-rich Carquinez District to \$228 in impoverished Shelden District, where enrollment has outstripped the assessed valuation.

"The 13 school districts that are pupils rich and dollar poor," said Wilson, "raised less than \$120 per student, and it took relatively high property tax rates to do even that." Tax rates of 11 of the districts exceeded \$1.

With but one exception, these districts have assessed valuation per child of less than \$10,000.

"Mt. Diablo Unified and a majority of other financially distressed districts," summarized the superintendent, "suffer from the suburban dilemma of rapid residential development that adds population without adding proportionate assessed valuation."

Tanagers Report Big Success of Valentine Party

Conviviality and a worthwhile cause combined to make a success of the Tanager unit's pre-Valentine cocktail party, held in Orinda last Saturday, according to Mrs. Stanley Majka, president.

Reports from all co-hosts and hostesses were submitted to the membership by Mrs. Cecil Cantrell, general chairman, at a meeting Wednesday at the Sleepy Hollow home of Mrs. William Brobeck.

Results of the party indicate a return engagement of the affair next year, Mrs. Majka said.

Lafayette Women Fete Anniversary; Own Birthday

A luncheon for members of the Lafayette Women's Club recently at the Orinda Country Club celebrated the 20th anniversary of the founding of the Lafayette Forum, which has since become the Lafayette Women's Club, and each member's own birthday.

Twelve tables were arranged with variegated ivy sprays, intermingled with real and simulated camellia blooms with birthday cakes in the center, decorated with motifs of the month.

HOSTESSES for the tables were: January—Mrs. Kenneth H. Dunigan; February—Mrs. J. A. Oliveira; March—Mrs. L. A. Frank; April, May and November—Mrs. Clarence Rust; June and July—Mrs. H. W. Neller; August—Mrs. Fred Baker; September—Mrs. Anton Willie; October—Mrs. George Haney; November—Mrs. C. J. Tomlinson; December, and April—Mrs. M. E. Lucas.

CHAIRMAN—Mrs. Irwin D. Miller and her co-chairman, Mrs. Robert Begley, introduced Mrs. Cora Powell, a charter member, who gave a review of how the club began.

To begin the program, Mrs. Matthew Jellett sang several songs to set back the time to 1937, when the Forum was formed by a few ladies longing for a little company while living way out in the country.

Mrs. Richard Alpen, Mrs. Ernest Heckler, Mrs. S. DeAngelis, Mrs. Sigrid Webber, and Mrs. Jack Campbell were dressed in clothes of that era and discussed the beginning of the club.

MISS NANCY Herrmann played selections on the piano. Mrs. Raymond Ouer, Mrs. Dwight C. Birch, Mrs. R. H. Lockey and Mrs. T. J. Clark were dressed in clothes of our day, but had on futuristic head gear of the year 2057, for they were at an Interplanetary Convention.

Orinda Pools Dedicated To Customer Service

"Quality Pools at Conservative Prices," that's the declared aim of Orinda Pools, Inc., but it doesn't mean a thing unless first class service to the pool purchaser is included.

These are the sentiments of Donald L. Doughty, 1 Dos Posos Road, Orinda, owner and manager of the pool firm which has set its goal at the provision of the proper pool, in the proper economic bracket, with the best of service, for any Contra Costa resident who wants this addition to his standard of living.

"THERE HAS BEEN a lot of misunderstanding about swimming pools in the past," commented Doughty, and Orinda Pools, Inc., would like to clear some of this.

"For instance, many people think they can't own a pool because they live on an 'impossible site,' he added. 'This just isn't so. All that is necessary is proper engineering — what you might call a tailor-made pool.'"

Doughty brings an extensive engineering background into the pool construction field in the Contra Costa area. A professional engineer with many years of experience in the development of structural firms, he served as a staff consultant for Shell Development Company prior to entering the pool construction business.

HE RECEIVED his bachelor's degree from the University of

California in 1950, has master's in 1951 and his PhD in 1954. Two of the many organizations to which he belongs are the American Society of Mechanical Engineers and Sigma Xi. He has authored numerous technical articles in the field of mechanical and structural engineering.

Doughty, his wife Margaret and daughter Chrissy, have been residents of Orinda for two years.

ONE OF THE most important aspects of the pool construction business is service, Doughty feels. "Where service is lacking, the prospective pool owner is never sure of where he stands, and this detracts from the enjoyment of his pool, which can be the focal point of his social life."

Orinda Pools, Inc., is prepared to stand behind all its statements, guarantee to do the job when it should be done, and to provide a minimum of trouble to the owner.

A pleasant place to live and retire... a homelike atmosphere. These sum up the beautiful Sunny Hills Sanatorium, which has just been refurbished, expanded and modernized, including the addition of 53 beautiful new, sunny rooms.

The sanatorium, located at 1515 Geary Road, Walnut Creek, provides all the comforts of home for its residents, but provides even more than that... for it offers service that cannot be had at home.

Under the direction of Mrs. Mary Simmonds and Mrs. Shirley McChesney, a registered nurse is in charge and 24 hour nursing care is provided for residents.

THE BEST in facilities and equipment is available and ready for use at all times, and special care is taken of the comfort of residents.

For instance, there are beautiful sun porches, recreation rooms and television sets. As the Sunny Hill Sanatorium itself advertises, it is indeed "A place like home and a place to retire."

An example of the care taken to provide for the elderly or the ill is shown in the numerous ramps which make it easy, comfortable and practical for ambulatory and semi-ambulatory patients to visit freely with each other and stroll in the beautifully landscaped gardens and patio.

PRIMARILY THE sanatorium takes post-operative, aged and convalescent cases. Both men and women are welcome, and there are many married couples who are sharing rooms together. Both private and double rooms are available and residents are welcome to stay as long as they wish... from a few days to a lifetime.

Want to Join a Ski Club? Just Sign Here!

By VI WHITE

A desire has been expressed by many skiers in our area for a club here. There is a definite need for such an organization because the existing clubs, Mt. Diablo, Ball and Chain, and even Oakland, have full memberships and a waiting list, so to accommodate those wishing for such a group, Skip Walters, and George Bamberger of Pleasant Hill have agreed to help form a club.

There are many advantages to joining a ski club, among them arranging transportation, lodging, competition, and socials. If you or your friends wish more information and would like to help us get started, please phone Skip and George at Yellowstone 4-0297, or me at Yellowstone 4-7004 or write to 31 Magnolia Court, Walnut Creek.

A meeting place can be arranged, so please contact us.

The Bay Area Ski Federation Carnival at Donner Summit last weekend was lots of fun. The Viking Ski Club of San Francisco won the skit contest at Truckee Saturday night for the third time and get to keep the trophy. Their Circus event was certainly colorful and hilarious.

Twelve clubs entered the race Sunday and ran the Giant Slalom during a wet snowstorm at the Donner Ski Ranch. Visibility was poor during the event and it took the 99 racers about three and a half hours to run the course. Sierra Club won, Peninsula second, and Nature Friends third.

Local people for Oakland were Teddy Cantanho, 108.5; Rae Daniels, 112.2; Barbara Atkinson 146; Bob Arthur, 83.5; Carson White, 88.2; Ken Fenley, 88.4; Lou Eike, 115.3; and Tom Daley 138.3.

On the Mt. Diablo team were: Mary Martin, 96.4; Howard Bear 116.4; Bob Hussey 123.6 The times

of the top three men and one woman determined the team score. Mrs. and Mrs. Martin Jacobs and their daughters Marcia and Candy and William Carpenter of Orinda were staying at the Oakland Ski Club lodge and enjoyed the new runs from Mt. Lincoln at Sugar Bowl and at Donner Ski Ranch.

Mr. and Mrs. Irving Julius are spending a week at Sugar Bowl. Mr. and Mrs. Herb Rowley and their children Kim and Blythe had a wonderful time at Dodge Ridge recently and are exhibiting beautiful furs.

Oakland Ski Club president, Bill Meinheit of Margaret Drive and Steve Brody of San Miguel Drive have been regular customers at the Rainbow Tavern and have been skiing at Soda Springs and Sugar Bowl.

Seventh and Eighth grade youngsters from the Lafayette Presbyterian Church Fellowship Group left bright and early Saturday morning for a day in the snow at Dodge Ridge. They had a wonderful time up there, and received help from ski instructors before venturing forth on the slopes.

Events this weekend: University of Nevada Winter Carnival at Reno Ski Bowl; Auburn Annual Nordic Combined Championships at Cisco; Camber Downhill and Slalom races at Yosemite; and Junior F. W. S. A. Giant Slalom Championships at Edelweiss on Highway 50.

UNDER THE BUDDY SYSTEM did these local youngsters enlist in the United States Army recently. Lt. Col. John J. Loughran, Commander of the US Army Recruiting Main Station in Oakland, far right; swears in James F. Miller of Lafayette; Kenneth L. Birdsell of Pleasant Hill; Michael L. Leffel and Ronald W. Huffacker, both of Lafayette and James F. Delos of Orinda.

World-Traveled Glee Club To Sing at Las Lomas Soon

The second Central Contra Costa Youth Concert will have the California Men's Glee Club and Treble Clef Society February 24 at 2:30 p.m. in the Las Lomas auditorium.

Both these groups have a history dating back before the turn of the century. The Glee Club had its origin as a male octet in 1875. The group gradually expanded its size and activities under Clinton R. "Brick" Morse. It achieved world fame, becoming the first American university choral group to tour in Europe.

AFTER MANY other successful tours, including trips to the Orient, Hawaii, and Alaska, Morse retired in 1926.

He left the students with two of their most beloved songs, "Hail to California" and "Sons of California."

Following the era of Brick Morse, the Glee Club joined with the women's choral group, the Treble Clef Society, to present many operettas and musical comedies.

After World War II, the Glee Club, directed by Walter Nollner renewed its concert and touring activities. In 1950, Robert Paul Commanday was appointed director of the Glee Club and Treble Clef Society. Since then, the Glee Club has given over 150 performances, has appeared on local and national television programs, and in person throughout the Western states.

In addition, it has performed several major choral works with the San Francisco Symphony Or-

chestra.

This coming Easter weekend the Glee Club will join forces with the Treble Clef Society and will perform Beethoven's Ninth Symphony and Lully's "Te Deum" under the direction of Enrique Jorda.

The Treble Clef Society was started in September, 1898, when a group of women students formed the "Women Students' Glee Club" the first for women at Berkeley.

In 1900 it became the "Women's Choral Society" and next a Girls' Mandolin Club appeared.

NOT LONG AFTER that the Associated Students of the University of California recognized and began to sponsor "The University Treble Clef Society." The Treble Clef gradually developed and became associated with the men's Glee Club.

For several years, Treble Clef has been presenting joint on-campus concerts with the Glee Club. In addition to these semester events, the groups have sung concerts in nearby cities.

Recently Treble Clef has sung full concerts apart from the Glee Club.

There are several members of the musical organizations from the Central Contra Costa area. Claire Smith and Dorothy Soroka of Lafayette will sing with the 60-girl group.

Glee Club members from the area include Ron De Fields of Martinez, Steven Graves of Lafayette, Gerald Jones of Pleasant Hill and Leonard Schrieber of Danville.

Bar Association Elects Officers; Reviews Program

Louis McKannay of Concord was elected president of the Central Contra Costa Bar Association at a meeting Monday night at Stans Brick House.

He succeeds Mrs. Betsy Fitz-Gerald Rahn, who was elected president when the group was officially formed last year.

Other new officers are Edmund S. Barnett of Walnut Creek, secretary; Vernon Patterson, of Lafayette, treasurer; Samuel Bradbard of Pleasant Hill and Douglas Cowan of Walnut Creek, directors-at-large.

Hold-overs from last year's board of directors are McKannay, former secretary, and Cowan, former treasurer.

The group has full standing with the state bar association, and has been working on fee schedules for central county lawyers, especially concerning initial consultations.

Their legal aid clinic functions each week on Wednesday afternoons at the city hall, from 1:30 to 4:30. No appointments are necessary. Committees will be named soon.

Pied Piper is Coming to Lafayette

Local matrons are donating their time to the East Bay Children's Theater Inc., making sets and sewing costumes for the production of their forthcoming play, "The Pied Piper of Hamelin."

This children's play will be presented in Lafayette on February 23 at 10:30 a.m. and 2 p.m. at the Stanley School. Tickets are 65 cents a performance and will be on sale at the door.

For 25 years this non-profit organization has been providing for children of the Bay area.

The thrill of seeing a real live play designed specifically for their interests is a happy experience not soon to be forgotten by any child," explained Mrs. Robert Van Gelder.

"We hope that all of our local children may take advantage of this wonderful opportunity for culture and entertainment," she added.

Knowledge is Best Fire Fighter

"Know your enemy" seems to be the theme of First Graders at the Montecito School.

As an extension of their study of the local fireman and his job, the children are now learning about the fireman's—big nemesis, fire.

An experiment demonstrating fire's need of oxygen was conducted last week by Mrs. Graves' class for the other First Graders at the school. A jar was placed over a burning candle, and the fire went out immediately, showing the pupils how quickly fire uses up oxygen.

In the discussion that followed, the children decided that caution and understanding can eliminate the danger of fires.

Don Cagers Down Pacifica in Thrillers

It's Varsity, 57-52; Bees Shine, 42-41

Friday was a fine night for Acalanes High School. The hometown fans got their money's worth, and the local athletes were rewarded for their hard court play as the Dons won thrillers in both the Varsity and Bee games over the scrappy Spartans of Pacifica High.

IN THE BEE contest, which the Don Babes won 42-41, the issue was decided after the last buzzer, while in the varsity tilt the Dons came from behind in the final period to overtake the Pacifica five when it counted most. The final score for the big boys was Acalanes 57, Pacifica 52.

Coach Jean Ridley's charges were limping throughout the first three periods of play. They entered the fourth quarter on the short end of a 41-38 score.

THE DONS had knotted the count at 36 all with slightly more than a minute remaining in the third stanza. But that was the best they could do until just six minutes 20 seconds were left in the game.

That's when forward Bill Freeman scored on a tip-in to finally put the Dons out in front, 45-43.

Before long, the locals had built their lead to six points.

BUT THE PACIFICANS came roaring back behind center Larry Kent, whose field goal and two free throws, combined with forward George Trotter's swisher, tied things up again at 49 all.

The Dons had the scent of victory, though, and would not be headed. Phair regained the lead for Acalanes with a field goal, and Freeman qualified as a top insurance man as he plunked through three more.

As the Dons sprinted to the wire, the best the Spartans could do was three points by Kent.

THE BIG SPARTAN center copped high point honors with 22 (6 fg—10 ft).

Next in line were Pacifica's Trotter and Freeman of Acalanes, both with 19.

These cagers accounted for most of the scoring, as the only other player in the double figures column was the Dons' guard Dave Bojarsky, who had 19.

IN THE BEE game Pacifica actually was ahead, 41-40, as the final buzzer sounded after the lead had changed hands four times in the closing two minutes.

But Don forward Morgan Jellett had been fouled just before the end of the game. He stepped to the foul line, with the other players just spectators, and dropped through both tries to give Acalanes the win, 42-41.

Little Sisters Are Guests at Golf Tourney

At the Contra Costa Golf Club last week, the Women's 18 Hole group played host as Big Sisters to the nine-hole group, their Little Sisters.

A good turnout was recorded for the nine-hole turney, lunch and bridge, despite inclement weather.

There were some good golf shots by the "Divoteers," and it is expected that some of them will join the 18-hole crowd soon.

Capt. Edna Spillner introduced the Divoteers, and Capt. Mrs. V. U. Buck gave a history of the 9-hole group and its organization by Mrs. Phil McVicker, a former club champion.

Mrs. McVicker also donated all the prizes given out on that day. She was unable to be present.

Mrs. Lawrence Spillner, tournament chairman, announced that there are 21 Big Sisters and 20 Little Sisters. She gave prizes to the following members:

Mrs. Frank Raether, Kermit Coon, Frank Colburn, "Ace" Giboney, Ott Gardner, George Church, Charles Conley and William West.

Mrs. Alisson Kitchel, Frank Divinelli, William Fry, Wayne C. Haas, Don Edminister and Henry Eichner.

Mats Shine in Sinking Pirates

The Miramonte Matadors came up with their best play of the season last Friday night to defeat the Pittsburg High Junior Varsity, 38-33, before a packed home town crowd.

Off to a blazing start, the Matadors built up a 12-5 advantage by the end of the first quarter.

Pitt came back in the second stanza to outscore the local lads, 12-8. That left things 20-17 halftime, with the issue very much in doubt.

Not to be denied, the Miramonte aggregation stormed out in the third quarter and took complete charge, scoring 12 points while allowing their opponents but 3.

With four minutes to go in the fourth quarter the Matadors held a 12 point bulge, so Coach Bob Callan generously inserted the reserves.

The move proved almost fatal as the Pitt five caught fire and drew up to within three points of the front-runners, 36-33, with a minute left to go.

Callan didn't waste any time quenching the fire. He put the first stringers back in and that was all for the Pirates. The visitors were held scoreless while the Orindans' center John Coffey tanked an insurance basket just before the buzzer sounded.

Coffey wound up as the game's top scorer with 15 points (5 fg—5 ft.).

IT'S TIME to start getting ready for the coming hunting season. Jud Van Matre cleans his rifle. "The time to keep equipment in shape is during the off-months," he says.

FLYCASTING is another practice-activity of Van Matre these days. It won't be too long until he'll go fishing again — and, just as in hunting, it's practice that makes perfect.

Matadors Sweep Past Antioch in Overtime Play

Miramonte High's red-hot court crew needed an overtime period to do it, but added another win to its growing list Monday at the expense of the Antioch Panthers, 34-26.

The game, played in the Orinda gym, found Coach Bob Callan experimenting with his forces as he opened with a new starting combination.

THE REORGANIZED locals had much trouble hitting the hoop in the first quarter, scoring but four points. But their defensive prowess kept the game in bounds as they limited their guests to but a single field goal.

The Panthers, it must be said, didn't actually get into the game until the fourth quarter. In the second period they scored just four points, and followed the intermission with a lack-luster five-point third quarter effort.

Miramonte held a 10-6 advantage at the half, but built it to a 19-11 bulge as the final period began, with the regulars back in action.

THE LEAD grew to 24-14 in the fourth, when Callan decided to experiment again, putting in the reserves. That was the signal for Antioch to get going.

The Matador first stringers had gone back into the game with one minute to go and a slim 26-24 advantage, but couldn't stop the hot Panthers.

BUT CAME the overtime period, and once again it was all Miramonte. The locals poured through eight points while holding the visitors scoreless.

Floyd Blaney was a one-man team in the extra minutes of play, intercepting two Antioch passes. He scored on one of the steals himself, and passed off to center John Coffey for a basket on the other.

He added two more point via the free throw line in the fourth quarter.

FORWARD BOB Hudson accounted for the other two Matador points with a field goal.

Game scoring honors went to Antioch's Dave Kirkpatrick, who scored the bulk of his team's points with nine field goals, which he potted from all angles.

Coffey scored 12 to pace the winners.

The game marked the 12th win in 14 games this season for the Matadors.

Races Close As Season's End Nears

Basketball season is past the mid-way point and racing toward the day of the last games, Friday, March 1.

The race for the laurels in the Bee League in the East Division of the Diablo Valley Athletic League is nip and tuck, with Pittsburg and Antioch sharing the favorite's role.

IN THE VARSITY race it looks like the winner of tonight's game will be first placers Diabolo and Pitt will pick up all the marbles. The game is at Pitt, and look for the home team to take this one, despite its earlier loss to the Devils.

Locally, the Acalanes Dons draw a bye tonight, while Las Lomas faces a big job in trying to topple Antioch at Walnut Creek. The visitors look for a pair of wins, but the Knight could prove tough, especially in varsity play.

The Knights tied up Pleasant Hill's Bob Ritchie with three points and upset the Rams last week. If they stop Antioch's Rally Rounsaville the same way, it could hurt the Panthers plenty. It's a hunch, but pick the Knights in an upset.

PLEASANT HILL tries to get back in the win column as the Rams host Pacifica. It looks like the locals in the B game and a toss-up in the varsity.

The Rams were stung by Las Lomas and figure to come back to win this one—after a close battle.

This one starts at 3:30 p.m. All the other contests begin at 7:30 p.m.

MIRAMONTE has faced San Ramon's Junior Varsity and takes on De Anza at Richmond next week. Getting stronger and better each week, the Matadors have a good record and look to add a win over De Anza.

This game is slated for 3:30 p.m.

League teams take byes Tuesday, resuming action Thursday, as Friday is Washington's Birthday.

Bee games at 7:30 p.m. will precede all varsity encounters. Games on tap for next Thursday are:

Pittsburg at Pleasant Hill; Diabolo at Acalanes; Antioch at Pacifica; and Las Lomas gets the bye.

Church League Leaders Score Easy Victories

The Church League's top three teams won their games easily, as was expected, last Saturday.

In the opener, the Lafayette-Orinda Presbyterian team dumped defending champion St. Perpetua's of Lafayette 57 to 35. The Presbyterians led 27 to 12 at halftime.

Ron Nelson's 30 points was high for the winners, while Frank Malynn was able to drop in 18 for St. Perpetua's.

This was St. Perpetua's second straight loss, as they dropped a 44 to 34 thriller to St. Stephen's two weeks ago.

In the second game, St. Stephen's had little trouble with the Lafayette Methodist crew as they rang up a 34 to 13 first half lead, and then coasted to a 57 to 22 victory to cap high point honors.

Santa Maria had to be content with a 2 to 0 forfeit victory over the Walnut Creek First Baptist as the latter's bus broke down and they were unable to get to the gym by game time.

In next week's play, Santa Maria takes on St. Perpetua's at 6 p.m. and St. Stephen's meets the Lafayette - Orinda Presbyterian at 7:30.

Mrs. Small Polls Low Golf Score

Mrs. J. W. Small made the rounds of the Orinda Country Club golf course in 88 last Friday to cop low gross honors of the Ladies' Invitational Golf Tournament.

Class A winner was Mrs. P. G. Lasky with an 81, followed by Mrs. S. F. Jensen and Mrs. Blake Calder with 84's.

Mrs. T. N. Taylor scored an 80 to win the Class B competition. She was trailed closely by Mrs. J. H. Howard's 81 and Mrs. Ruth Sammis with 82. Mrs. George Thomas scored an 84.

Knights Beat Rams; Vacate League Cellar

The Las Lomas Knights vacated the league basketball cellar Monday as they downed Pleasant Hill High, 51-43, for their second league win.

Guests on the Pleasant Hill court, the Knights stayed with their starting five most of the way. The tenacity paid off, as all starters hit for eight points or better.

The Rams did all right, too, as they had eight players in the scoring column.

Scoring was tit for tat in the first half, with Las Lomas breaking a 13- first quarter lead, only to have the Rams come back to tie things up at the end of the half, 22 all.

Coach Merrill Callow changed the Knights' tactics at the half, and the switch paid off. His charges outscored their hosts, 16-13 in the third period, and victory was in sight.

Facing an uphill battle in the fourth quarter, the Rams tried valiantly but couldn't turn the tide. Although they outscored the Knights 16-13 in the final frame, the Las Lomas third quarter spurt was too much to overcome.

The Rams took individual scoring laurels, however, with guard Doug Sherburn's 15 (7fg—1ft).

Center Art Dalbey had 13 and guard Frank Cox 12 for the winners.

No Tickets for St. Mary's Game

Due to the unprecedented demand for tickets on the part of the student bodies of the participating schools, there will be no tickets sold Friday night at the St. Mary's gym for the game between the Gaels and the Santa Clara Broncos.

The game will be broadcast over radio station KROW beginning at 8 p.m.

Don Hospitality Toward Pirate Invaders Fatal

Sad but true, the Acalanes basketballers are just too good hosts.

Their hospitality proved rather jolting Monday night as they congenially bowed low before the visiting Pirates of Pittsburg High and were smashed in both varsity and bee play.

It wasn't so bad when the Don Babes left the court on the short end of a 59-36 score in the preliminary game, but when Pitt crushed the local varsity, 67-39, things got a bit humiliating.

THE PIRATE varsity, out to keep pace with Mt. Diablo for the league lead, wasted little time in making sure of the win.

They poured through 18 points in the first quarter to the tense Don crew's eight, and left the court with a comfortable 29-17 lead at the half.

How comfortable could a team want to be? The Pirates came out for the second half as if they were behind and simply rolled over the shaky Dons.

Pitt's all-county guard Jesse Lea found the range for four field goal and four free throws after the intermission.

ONLY BRIGHT spot for the locals in the third quarter was the sensational shooting spree by forward Bill Freeman, who potted three consecutive shots from the extreme corner.

But guard Stuart Busby's tally was the only other marker for the Dons until the final stanza.

By then it was far too late, and Pitt continued to build the unsurmountable margin.

IRONICALLY, Freeman's 17 points were tops for the game. Lea was high man for the visitors with 16 markers.

Things were no better for the Dons in the bee game. The Pitt littlemen were unstoppable as they hit on an amazing 68 per cent of their shots from the floor in the first half and were good for 47 per cent for the game.

The Don Babes' sole consolation came in the fact that their ace forward, Morgan Jellett, tied Pitt's guard El Hurtado for high point honors. Both scored six field goals and four free throws for 16 points.

Navy Officer Takes Over Reserve Group

LCDR W. L. Stiles, USNR-R, 271 Rheem Boulevard, Moraga, assumed command of U. S. Naval Reserve Security Group, 12-3 Wednesday evening.

He relieves LCDR A. B. Barnes, USNR-R, 140 Stewart Circle, Pleasant Hill, who has commanded the unit for the last three years.

The security group drills each Wednesday evening at the East Bay Naval Reserve Training Center, 2144 Clement Avenue, Alameda.

Hardwood Tourney Will Be Grand--Minus Local Teams

By ERWIN MATTSO

As the basketball season draws to a close, players and fans are looking forward to the annual grand finale, the Tournament of Champions, which closes the season each year.

A tournament committee selects the participating teams, and to win a league crown doesn't necessarily mean an invitation.

THE DIABLO Valley Athletic League was split into two divisions several years back, and in '58 will be in three sections.

Rumor has it that only one team from the D.V.A.L. will be invited to the tournament this year.

Albany has already won in the other section of the league, and the chances are that the winner of tonight's game between Pittsburg and Mt. Diablo will end up with top honors locally.

WINNERS of both sections could end up in the tournament, but chances are only one will receive a coveted bid.

Local teams on the whole haven't done too well this year. They have showed a tendency to freeze up when they hit the big courts before the big crowds.

Also, they are going against clubs with far more extensive schedules and consequently more play experience behind them.

THE TOURNAMENT event is a popular one, and habitually is played before packed houses in the spacious University of California gym.

Baseball has started at East Contra Costa Junior College with the opening of spring practice. A number of players from the local high schools are on the roster.

Next week a run-down of ECCJC potential will be given here, as released by Coach Hugh Boschetti.

GARY LUCAS, outstanding player on the Miramonte High football team last year, suffered a broken leg in a recent ski accident. This could be a blow to the Matadors, as it is uncertain at this time whether he will be able to play next fall.

The Miramonte track team will also suffer, as last year as a sophomore Gary cleared 10 feet in the pole vault, and seemed certain to better 11 feet this year.

He was the Matador grid squad's top ground gainer, so it might be added that skiing is a taboo topic in Miramonte athletic quarters this week.

THE PROBLEM is to get those who want to ski to take exercises and practice before undertaking the dangerous sport.

Most go at it before they are ready. It's like trying to play a football game on the first day of practice — the results could be disastrous.

Rams Buck Hard But Drop Two Dukes to Antioch

Pleasant Hill High's basketballers tried but couldn't spoil things for Antioch in the Panthers' new gym last Friday night as they bowed in both the varsity and B contests.

Antioch followed by a sound smacking of the local lightweights, 55-34, with a smooth 62-47 win in the main go.

The Panthers had things pretty much their own way in the preliminary game as they walked to the victory.

Things were a bit tighter in varsity play, but the invaders fell behind in the early stages and were never able to catch up.

Matter of fact, the Rams were in contention all the way up to the fourth quarter. They trailed 14-9 at the quarter and 29-23 at halftime.

As the second half opened it seemed that the Pleasant Hillers were on their way. They not only held their own, but pulled up to within four points of their opponents, 34-30.

Then came the Fatal Fourth, in which the scoring opened up for both squads, but a lot wider for the Panthers.

The Rams rammed through 17 points in the closing eight minutes... a nifty count.

But while they were doing so, the boys from the other team were plunking in a sensational 28 markers. Just too much horsepower for the Rams, and Antioch won going away.

In the statistics department, Antioch hit on 24 of 50 shots from the floor and 14 of 22 free throws, while the Rams connected on 18 of 41 floor shots and 11 of 15 charity tosses.

Forward Tony Ruiz of Antioch had 23 points for scoring honors, while Pleasant Hill forward Bob Ritchie hit for 17.

Thinking of a Cal-Vet Loan? It Works Thusly...

By BILL HAYWARD

CALIFORNIA VETERANS ATTENTION:

Here's the latest on the "best buy" in money today, the rule of thumb offers a loan of \$15,000 — to a disabled California Veteran and to top it off, his TAKE-HOME-PAY must be only \$572 per month. Review will be made of his employment history, his credit pattern and habits, the equity he will have in his new home and the size of his family will come under consideration too.

A "FOUNDATION INSPECTION" will be a must especially if the home to be purchased is a few years old. Foundation Inspection, spelled backwards is "Termite Report" . . . dirty word, that Termite . . . but a very excellent idea on any home purchase regardless of age.

CAL-VET lending regulations do not allow any secondary financing so don't try it . . . they do not like the idea at all. Their loans are very liberal and it is their opinion that a second loan should not be necessary.

Do not try to buy a home with less than 850 square feet of inside living area or with less than two bedrooms because they won't go for it under any circumstances.

Home loans can be granted on properties that do not have frontage on recognized county maintained roads IF . . . the right of way to the property is insurable by a Title Company and if a good and valid "ROAD MAINTENANCE AGREEMENT" is in existence and of record.

THE SPECIAL STATE FIRE insurance rate is really a breeze . . . plenty of adequate coverage for only 48 cents per \$1000 of coverage . . . and here's some more special insurance for the California Veteran buyer . . . for 35 cents per \$1000 of the unpaid loan balance a Life Policy will pay off the loan balance in case of the death of the male vet breadwinner.

Unpleasant thought but very practical . . . and for an additional 80 cents a month coverage is included for disability to make your monthly house payments in case of temporary full disability . . . all good selling points . . . BUT . . . to get a CAL-VET loan . . . here are the steps to follow . . .

STEP ONE: — Select the house with care and deliberation . . . Step three: — Ask CAL-VET to appraise the property . . . if all of the above items meet with their approval they . . . The State of California will buy the home for you and record title in the name of Veteran Affairs of the State of California and in turn resell the property to the Veteran Buyer on a Contract of Sale . . . Interest rate is still and all-time low . . . 3 per cent . . . how about that?

California Vet loans cannot be transferred like the G.I. loan can. The loan must be paid off at time of sale with a small penalty or the loan can be assumed by another QUALIFIED California Veteran that has been put through all of the regular channels of the original borrower . . . The processing takes about 60 days in all . . . in a few scattered cases the time has been cut to six weeks.

By the way . . . the maximum loans being made at this time are set by the governing board at \$10,000 — even though State Law now allows up to \$15,000 as a maximum . . . keep your eye on this plan . . . it's tops. CAL-VET has scads of dough to lend, just try them . . . I dare you.
